How to verify your financial details

Verification of your financial details is one of our security checks to help maintain a more secure network for buyers and sellers. You must complete verification before you can withdraw funds from your PayPal account.

There are 2 ways you can get verified. Follow these simple steps to verify your financial details:

1. Confirm your UnionPay card (instant verification)

Add your UnionPay card to your PayPal account and choose to confirm the card. Authorize China UnionPay to send you a verification code via SMS. Without leaving the page, you can enter the code and complete the verification process instantly.
