- **Please read this document**

You do not need to do anything to accept the changes as they will automatically come into effect on the above date. Should you decide you do not wish to accept them you can notify us before the above date to **close your account** ([https://www.paypal.com/fr/cgi-bin/?cmd=\\_close-account](https://www.paypal.com/fr/cgi-bin/?cmd=_close-account)) immediately without incurring any additional charges.

We do hope, however, that you continue to use PayPal and enjoy the following benefits:

#### **It's safer**

When you pay with PayPal your financial details are never shared with sellers or retailers, so you're more protected against fraud.

#### **It's faster**

You don't have to type in your card details each time you pay, so you can check out faster online. You can also get eBay items delivered more quickly, as you can pay the seller instantly.

#### **It's easier**

PayPal is the preferred web payment method because it's a smarter, sawier way to pay online in just a few clicks. All you need is your email address and a password.

Please review the current [User Agreement](#).

- **Amendment to the PayPal User Agreement**

#### 1. **SEPA**

**The Single Euro Payments Area (SEPA) is an initiative of the European Commission and European banking sector, aimed at making transactions more efficient within the European Union. PayPal will start to use SEPA direct debit mandates by February 2014.**

**Section 3.7 (Bank Transfers) is amended to clarify what will happen when the SEPA regime is implemented and you register a bank account with PayPal, you pay with a new bank account for the first time and/or you make an electronic transfer from your bank account to PayPal via SEPA direct debit.**

The text inserted into Section 3.7 reads as follows:

*“ PayPal will start to use Single Euro Payments Area (SEPA) direct debit mandates by February 2014. SEPA is an initiative of the European Commission and European banking sector, aimed at making transactions more efficient within the European Union. Whenever you register a bank account with PayPal after that implementation or pay with a new bank account for the first time, you will be granting PayPal a SEPA Direct Debit mandate. You will be able to access such mandate and the mandate reference number (MRN) in your PayPal Account profile at any time and cancel the mandate for future transactions.*

*Whenever you make an electronic transfer from your bank account to PayPal via SEPA direct debit after that, you authorise PayPal to use such mandate and draw the amount from your bank account as explained above in this section 3.7 and you authorise your bank to arrange for payment to PayPal. You may claim a refund from your bank at any time up to 8 weeks after the date on which the SEPA direct debit payment took place in accordance with your bank's terms and conditions.*

*PayPal will inform you of the amount of the SEPA direct debit payment and the time frame in which PayPal will collect the amount from the bank account together with the purchase confirmation. In the event that PayPal resubmits any SEPA direct debit payment request due to Reversal of the original payment, there will be no (additional) information given on the amount and the time frame ahead of the resubmission.”*

#### 2. **Withdrawing/Redeeming E-money**

Section 6.1 (How to Withdraw/Redeem E-money) is amended to clarify (for the avoidance of any doubt) that if you come to redeem your balance, it must be redeemed in your home currency. Section 6.1 as amended reads as follows:

*“ 6.1 How to Withdraw/Redeem E-money. You may withdraw funds by electronically transferring them to your bank account or if you are a registered user of a Credit Card Withdrawal Region, your branded MasterCard or Visa card. Some jurisdictions may permit you to withdraw funds to either your bank account or your card. The bank account into which you request the redemption of E-money must be denominated in the home currency of your Account. Balances must be redeemed in your home currency – see section 6.4 if your Account holds a balance in multiple currencies.”*

#### 3. **Identifying errors and unauthorised transactions**

Section 12.1 is amended to outline that you may be liable for any unauthorised use of your Account by any person if you have acted deliberately so as to enable any third person to gain access to your device while you are logged into our Services.

The amended part of section 12.1 now reads as follows (presented in context with the clause heading):

## " 12.1 Identifying Errors and/or Unauthorised Transactions.

...

*We will not seek to hold you liable for any unauthorised use of your Account by any person provided that we are satisfied that you have not acted deliberately so as to enable any third person to gain access to your PayPal ID and/or password/PIN or to your device while you are logged into the Services.*

..."

### 4. PayPal buyer protection – How do I resolve my problem?

Section 13.5a is amended to outline the timeframe for opening a Dispute and now reads as follows (presented in context with its root clause):

#### " 13.5 How do I resolve my problem?

*If you are unable to resolve a problem directly with the Payment Recipient, go to the Online Resolution Centre and follow this process:*

##### **Open a Dispute**

*Open a Dispute within **45 days** of the date you made the payment for the item you would like to dispute. We may refuse to accept any Dispute that you open in relation to that item after the expiry of that period (please be aware of this if you agree a delivery time with the Payment Recipient that falls after the expiry of that period).*

..."

### 5. PayPal buyer protection – Requirement to post items back to the Payment Recipient We are making amendments to outline that PayPal may require you to post the item back to the Payment Recipient at an address supplied to you by PayPal during the Claim process. Sections 13.5d (shown in context with its root clause) and 13.6 have been amended accordingly and now read as follows:

#### " 13.5 How do I resolve my problem?

*If you are unable to resolve a problem directly with the Payment Recipient, go to the Online Resolution Centre and follow this process:*

...

##### **d. Comply with PayPal shipping requests in a timely manner**

*"For Significantly Not as Described (SNAD) Claims, PayPal may require you to post the item back to the seller at an address supplied to you by PayPal during the Claim process – or to PayPal - or a third party at your expense and to provide:*

*If you use the service Colissimo National:*

*- for items below € 200 EUR, PayPal requires only a physical Proof of Postage ; and*

*- for items of € 200 EUR or above, PayPal requires a Proof of Delivery.*

*For all other national shipping services (and international shipping), PayPal requires a Proof of Delivery, whatever the value of the item.*

*The amounts in other currencies applicable to this requirement are: 325.00 CAD, 150 GBP, 250.00 USD, 28,000 JPY, 350.00 AUD, 330.00 CHF, 1,600.00 NOK, 2,000.00 SEK, 1,500.00 DKK, 800.00 PLN, 55,000 HUF, 6,000.00 CZK, 400.00 SGD, 2,000.00 HKD, 380.00 NZD, 2,750.00 MXN, 1,000.00 ILS, 8,250.00 TWD, 9,000.00 THB, 12,500.00 PHP, 500.00 BRL, 750.00 ARS.*

*Please take reasonable precautions in re-packing the item to reduce the risk of damage to the item during transit. PayPal may also require you to destroy the item and to provide evidence of its destruction."*

#### **13.6 How is the Claim resolved?**

*Once a Dispute has been escalated to a Claim, PayPal will make a final decision in favour of the buyer or the Payment Recipient. You may be asked to provide receipts, third party evaluations, police reports, or any other information or documents reasonably required by PayPal to investigate the Claim. PayPal retains full discretion to make a final decision in favour of the buyer or the Payment Recipient based on any criteria PayPal deems appropriate. In the event that PayPal makes a final decision in favour of the buyer or Payment Recipient, each party must comply with PayPal's decision. PayPal may require the buyer to post an item that the buyer claims is Significantly Not as Described back to the Payment Recipient at an address supplied to the buyer by PayPal during the Claim process (at the buyer's expense), and PayPal may require a Payment Recipient to accept the item back and refund the buyer the full purchase price plus original postage costs. If a Payment Recipient refuses to accept the item, PayPal may award the Claim in favour of the buyer, provided the buyer has provided satisfactory evidence to PayPal that the item was sent to the Payment Recipient at an address supplied to the buyer by PayPal during the Claim process. In the event a Payment Recipient loses a Claim, the Payment Recipient will not receive a refund on his or her PayPal or eBay fees associated with the transaction. If you lose a Significantly Not as Described Claim because the item you sold is counterfeit, you will be required to provide a full refund to the buyer and you will not receive the item back (it may be destroyed)."*

### 6. PayPal buyer protection – Resolving the problem with Payment Recipient directly

We are adding wording that clarify some of the possible consequences on your eligibility for PayPal buyer protection if you attempt to resolve a problem with your item with the Payment Recipient directly. The wording is added to section 13.10 and the amended part of section 13.10 now reads as follows (presented in context with the clause heading):

#### "13.10 Relationship between PayPal Buyer Protection and chargebacks

...  
Please note that where you opt to resolve the issue directly with the seller:

1. your right to raise a Dispute remains subject to the 45 day timeframe set out in section 13.5a. **It is your responsibility to keep track of these deadlines;** and
2. if (whether as part of the seller's return policy or otherwise) the seller directs you (and you proceed) to post the item to an address that does not correspond with our record of the seller's address, we may determine that you have not posted the item back to the seller in compliance with section 13.5d. "

### • Amendment to the PayPal Privacy Policy

#### 1. Information We Collect

We have amended section 3 to outline details of further information that we may request from you when you use certain functionalities provided by us, to clarify the types of information about you and your business that we may obtain from credit reference or fraud agencies, to clarify the types of public information about you and your business that we may obtain from social media platform and to outline how and why we may collect and use information about you from transaction related communication on PayPal's or eBay's conflict resolution platforms.

The part of section 3 labelled "**Our Use of Cookies**" has been relabelled as "Our Use of Cookies, Web Beacons, Local Storage and Similar Technologies". We have amended this section to further clarify how and why PayPal uses these technologies, with further detailed explanations found [here](#).

The amended parts of section 3 now read as follows (presented in context with the clause heading):

#### " 3. Information We Collect

##### **Required Information**

To open a PayPal account or use the PayPal Services, you must provide your name, address, phone number, and email address. In order to make payments through the PayPal Services, you must provide credit card, debit card or bank account information. We also ask you to choose two different security questions to answer (such as your city of birth or your pet's name). This required information is necessary for us to process transactions, issue a new password if you forget or lose your existing password, protect you against credit card fraud and current account fraud, and contact you should the need arise in administering your account or the PayPal Services.

We will also require other commercial and/or identification information if you send or receive certain high-value transactions or high overall payment volumes through the PayPal Services or as is otherwise required in order for us to comply with our anti-money laundering obligations under European law.

When you access PayPal using a mobile device (e.g. a smartphone), we may additionally collect and store device sign-on data (including device ID) and geolocation data in order to provide our services.

If you use certain functionalities provided by us (such as the PayPal POS Functionality available in your mobile app) we may ask you to upload a picture of you in order to provide these specific services.

...

### Information about You from Third Parties

In order to protect all our customers against potential fraud, we verify the information you provide with the "Payment Processors" and/or "Credit Reference and Fraud Agencies" listed in the table under the section "Disclosure to Third Parties other than PayPal Customers" below. In the course of such verification, we receive personally identifiable information about you from such services. In particular, if you register a credit card or debit card or bank account with PayPal, we will use card authorisation and fraud screening services to verify that your bank or card information and address match the information you supplied to PayPal, and that the card has not been reported as lost or stolen.

If you send or receive high overall payment volumes through the PayPal Services, or if as a merchant have limited selling history, in some circumstances we will conduct a background check on your business by obtaining information about you and your business, and potentially (if legally permitted) also about your directors, shareholders and partners, from a credit reference or fraud agency such as Dun & Bradstreet, as listed in the table under the section entitled, "Disclosure to Third Parties other than PayPal Customers" below. If you owe us money, we may conduct a credit check on you by obtaining additional information about you from a credit reference or fraud agency, to the extent permitted by law. PayPal, at its sole discretion, reserves the right to periodically retrieve and review a business and/or consumer credit report supplied by such credit reference or fraud agency for any account, and reserves the right to close an account based on information obtained during this credit review process.

If you use your PayPal account to sell items, we may also collect public information about your business and your behaviour on social media platforms (such as the e-mail address and the number of "likes" and "followers"), to the extent relevant to confirm an assessment of your transactions and/or your business, including its size and the size of its customer base.

We may also collect information from members of the eBay Inc. corporate family or other companies (subject to their privacy policies). If you are sending transaction related communication on PayPal's or eBay's conflict resolution platforms to your buyer or seller, we may collect such information in order to assess your transactions and any risk associated with your activities, as well as for fraud detection, prevention, and or remediation of fraud, or other illegal actions or to detect, prevent or remediate violations of policies or the applicable user agreements.

### **"Internal Uses**

We collect, store and process your personal information on servers located in the United States and operated by our parent company, PayPal Inc and elsewhere in the World where PayPal facilities are located. Our primary purpose in collecting personal information is to provide you with a safe, smooth, efficient, and customised experience. You agree that we may use your personal information to:

The part of section 4 labelled "Disclosure to Other PayPal Customers" has been amended to clarify the circumstances in which we may share certain elements of your information. The amended segment of this part of section 4 now reads as follows (presented in context with the clause heading):

### **"Disclosure to Other PayPal Customers**

If you are a registered PayPal user, your name, email address, Skype ID (if applicable), phone number (if applicable) date of sign-up, the number of payments you have received from verified PayPal users, and whether you have been verified to have control of a bank account are made available to other PayPal customers whom you have paid or senders who are attempting to pay you using the PayPal Services. If you are a Business account holder, we will also display to other PayPal customers the website address (URL) and customer service contact information that you provide us. In addition, this and other information may also be shared with third parties when you use these third parties to access the PayPal Services. However, your credit card number, bank account and other financial information will not be revealed to anyone whom you have paid or who has paid you through the PayPal Services or third parties that use the PayPal Services, except with your express permission or if we are required to do so pursuant to credit card rules, a court order or other legal process.

## 3. Our Use and Disclosure of Information - Disclosure to Third Parties other than PayPal Customers

The part of section 4 labelled "Disclosure to Third Parties other than PayPal Customers" now includes a new paragraph c. which explains how and why we may disclose certain information about you as a merchant to our integration partners. The new paragraph c. reads as follows (presented in context with the root clause):

### **"Disclosure to Third Parties other than PayPal Customers**

PayPal will not sell or rent any of your personal information to third parties for their marketing purposes without your explicit consent, and will only disclose this information in the limited circumstances and for the purposes described in this policy. This includes transfers of data to non-EEA member states. Specifically, you consent to and direct PayPal to do any and all of the following

...

c. If you as a merchant use a third party to access or integrate PayPal, we may disclose to any such partner the status of your PayPal integration, whether you have an active PayPal account and whether you may already be working with a different PayPal integration partner."

Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose user data to them from time to time so that the services our users have requested can be performed. These service providers provide important functions to us that

allow us to be an easier, faster, and safer way to make payments.

In general, the Luxembourg laws to which PayPal's handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.

Paragraph d (formerly paragraph c) of the part of section 4 labelled "Disclosure to Third Parties other than PayPal Customers" has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties or for additional purposes for the purposes set out in the table below, or change the scope of purposes and data shared as set out in the table below.

Please note we have clarified at the entry relating to Credit Reference and Fraud Agencies that, in addition to the stated purposes, PayPal uses your personal information to detect, prevent, and/or remediate fraud or other illegal actions, or to detect, prevent or remediate violations of policies or applicable user agreements.

#### 1. Disclosure to Third Parties other than PayPal Customers

Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose user data to them from time to time so that the services our users have requested can be performed. These service providers provide important functions to us that allow us to be an easier, faster, and safer way to make payments.

In general, the Luxembourg laws to which PayPal's handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.

This section of the Privacy Policy has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties or for additional purposes for the purposes set out in the table below, or change the scope of purposes and data shared.

Effective Date: Mar 01, 2013

 [Print](#)  [Download PDF](#)

- Please read this document.

These changes are effective on the Effective Date.

- Amendment to the Commercial Entity Agreements

While PayPal is not a party to the Commercial Entity Agreements, the agreements affect how you receive PayPal's services. The Commercial Entity Agreements are your direct agreements with our banking partners and they enable you to receive card-funded PayPal payments.

One of PayPal's banking partners is HSBC Merchant Services LLP ("HMS"), which has recently changed its name to GPUK LLP (trading as Global Payments). Due to the recent name change, HMS has amended its direct agreement with you that forms part of the suite of Commercial Entity Agreements, by replacing all references to HMS with references to GPUK LLP trading as Global Payments (the new name for HMS). You do not need to do anything to accept the change.

#### • Amendment to the PayPal Website Payments Pro and Virtual Terminal Agreement

Sections 4.3 "PayPal Seller protection" of the PayPal Website Payments Pro and Virtual Terminal Agreement is amended to clarify the eligibility requirements of the Seller Protection.

The amended Section 4.3 "PayPal Seller Protection reads as follows:

*"3. PayPal seller protection. PayPal seller protection under this Agreement is available to:*

- *Payment Recipients with registered PayPal Account(s) in France who receive PayPal and/or card payments from buyers making an eligible purchase via eBay (worldwide and everywhere PayPal is accepted); and*
- *Payment Recipients with registered PayPal Account(s) in France who receive PayPal and/or card payments from buyers making eligible purchases outside of eBay.*

*For the sake of clarity, all other terms of the User Agreement relating to PayPal Seller Protection as defined in Article 11 of such User Agreement are fully applicable to You."*

Your PayPal Website Payments Pro and Virtual Terminal Agreement contains a schedule that features (and incorporates by reference) the PayPal Commercial Entity Agreements. This schedule has been amended to reflect the latest changes made to the PayPal Commercial Entity Agreements described above. PayPal is not a party to the PayPal Commercial Entity Agreements. You do not need to do anything to accept the change.

You don't have to type in your card details each time you pay, so you can check out faster online. You can also get eBay items delivered more quickly, as you can pay the seller instantly.

##### **It's easier**

PayPal is a smarter, simpler way to pay online in just a few clicks. All you need is your email address and a password.

#### • Summary of changes.

1. The Merchant Referral Bonus Program ("the Bonus") will be discontinued for all account holders and the PayPal Bonuses Policy will no longer be in effect. Active account holders will receive an email from PayPal indicating an end date specific to their current participation in the Bonus program. You will receive this email at least 60 days in advance of the end date. Once your end date is in effect, new referrals will no longer be tracked or accumulate toward this bonus program. In addition, bonus accrual payments will be stopped. Any final accrued bonus balances from your referrals will be paid to your PayPal account in accordance with the standard 30 day payout cycle. Your PayPal account is not impacted in any way with the discontinuation of this program. For further assistance, contact us via the [Contact Us](#) form. Accordingly, the User Agreement will be amended to delete the reference to the Merchant Referral Bonus Policy and the PayPal Bonuses Policy will be deleted from the PayPal website.

#### **• Amendment to the PayPal User Agreement**

##### **• 1. Preamble**

A new second paragraph of the User Agreement under the heading 'Important' is inserted to clarify your obligations under the User Agreement. The same paragraph is duplicated in section 14.6. The inserted paragraph reads as follows:

**"You are solely responsible for understanding and complying with any and all laws, rules and regulations of your specific jurisdiction that may be applicable to you in connection with your use of the PayPal Services, including but not limited to, those related to export or import activity, taxes or foreign currency transactions."**

- **2. Third party initiated payments**

Section 3.10 is amended to clarify the obligations of a third party who is seeking to initiate a third party request such as "subscriptions", "automatic payments", "preapproved payments" or "Recurring Payments". The obligations focus on providing notice to the account holder whose account is being debited. The amended section 3.10 now reads as follows (presented in context with the clause heading):

**"3.10 Third party initiated payments (including Recurring Payments).** A third party initiated payment is a payment made on the basis of your advance Authorisation to a third party (for example, a merchant or eBay) to collect funds from your PayPal Account.

One example of this type of payment is a "Recurring Payment" which is a third party initiated payment made on a recurring basis (whether sporadically or periodically) that can be managed via your PayPal Account. Sometimes Recurring Payments are also called "subscriptions", "preapproved payments" or "automatic payments".

By providing an advance Authorisation, you are giving the third party the ability to collect or reverse variable amount payments from your Account on a one-time, basis, or on a (sporadically or periodically) recurring basis until you cancel your arrangement or authorisation with the applicable third party. **You hereby authorise and instruct PayPal to pay the third party (or another person they direct) amounts from your PayPal Account for amounts you owe as presented to us by the third party.** You agree that PayPal is not obligated to verify or confirm the amount the third party presents to us for the purpose of processing this type of payment. You further acknowledge and agree that payments made under this provision are variable and may be made on various dates. If your third party initiated payment requires a currency conversion by us, the amount of the Currency Conversion Fee (per Schedule 1) will be determined at the time the applicable third party processes your payment and completes the transaction. You acknowledge that the exchange rate determined at the time of each payment transaction will differ and you agree to the future execution of third party initiated payments being based on fluctuating exchange rates. Third parties who present us with a payment request under this provision hereby:

1. warrant to PayPal that the amounts they present have been agreed and consented to by the User whose Account will be deducted (including changes to those amounts) and that they will give prior notice of the deduction to the User; and
2. agree that they will notify their customers at least 4 weeks in advance of the amount they will collect if that amount has increased in such a manner that the customer could not have reasonably expected to pay such an amount, taking into account that customer's previous spending patterns and the circumstances of the payment and that they will be liable to PayPal for any refunds of such payment, unless such refund is not made as a consequence of any violation of their obligations under this section.

You agree that you cannot request a refund from PayPal for a third party initiated payment unless:

- a. the Authorisation did not specify the exact amount of the payment transaction when the Authorisation was given and the applicable amount exceeded the amount you could have reasonably been expected to make, taking into account your previous spending patterns and the circumstances of the case; or
- b. where your consent to the making of third party initiated payment was not given as set out in section 3.1(e); or
- c. the information relating to third party initiated payment was not provided or made available to you for at least 4 weeks before the date the payment transaction was made to the merchant; and
- d. you notify us of the request within 8 weeks from the date the payment was made; and
- e. you comply with our requests to obtain information which we reasonably require to review the circumstances of the case. We reserve the right to request further information as is reasonably necessary to ascertain whether the above conditions have been satisfied and to waive any or all of the above conditions".

- **3. PayPal Mobile Text to Buy**

Section 3.13 PayPal Mobile Text to Buy has been deleted as the service is no longer being offered by PayPal.

- **4. Surcharge**

4.5 has been amended to better specify applicable legal framework in relation to surcharges. The amended section 4.5 now reads as follows

**"4.5 Non discouragement.** In representations to your customers or in public communications, you agree not to mischaracterise or disparage PayPal as a payment method. You agree that you will only surcharge for the use of PayPal in compliance with any law applicable to you. You further agree that if you do charge a buyer any form of surcharge that you, and not PayPal, will inform the buyer of the requested charge. PayPal has no liability to any buyer where you have failed to inform the buyer of any surcharge. Failure to comply with the above provisions shall constitute a breach of this Agreement and shall entitle PayPal to terminate this Agreement pursuant to section 10.3"

- **5. Fees**

A cosmetic change has been made to the User Agreement to make it easier for users to read. This cosmetic change involves removing the substantive provisions of the Fees section which were contained in section 8 and moving them to a new Schedule 1 at the end of the User Agreement. In addition to this cosmetic change, the fees section has been changed to include fees applicable for transactions involving Russian Rubles for when PayPal permits Russian Ruble transactions. The new Schedule 1 Table of Fee now reads:

**"Schedule 1. Table of Fees**

Fees depend on whether you are making a Commercial Transaction or a Personal Transaction and whether that transaction is Cross Border or Domestic.

A **Commercial Transaction** involves buying and selling goods and services, or payments received when you "request money" using PayPal.

A **Personal Transaction** involves sending money (initiated from the "Personal" tab of the "Send Money" flow) to, and receiving money into your PayPal Account from, friends and family without making a purchase (that is, the payment is not for goods or services). If you are selling goods or services, you may not ask the buyer to send you a Personal Transaction payment for the purchase. If you do so, PayPal may remove your ability to accept any or all payments for Personal Transactions.

Please note that:

- you cannot send money for a Personal Transaction from some countries, including Germany or China;
- Indian registered Accounts may neither send nor receive Personal Transaction payments. This means that you cannot send Personal Transaction payments to Indian registered Accounts; and
- when a fee applies to a Personal Transaction, either the sender or the recipient pays the fee, not both. In most cases, the sender decides who pays the fee. In some cases, the sender will not be able to decide and the sender or the recipient will be required to pay the fee. If you send a Personal Transaction payment from a third party (non PayPal) website or application then the third party will determine if the sender or recipient of a Personal Transaction payment will pay the Personal Transaction fee. This will be disclosed to you by the third party.

A **"Domestic Transaction"** is a transaction where both the sender and receiver execute a payment between PayPal Accounts registered in the same country or region.

A **"Cross Border Transaction"** occurs when the sender and receiver execute a payment between PayPal Accounts which are not registered in the same country or region.

**Note:** reference to a percentage fee rate below refers to an amount equal to that percentage of the payment transaction amount.

## • 6. Currency Conversion

A cosmetic change has been made to the User Agreement to make it easier for users to read. This cosmetic change involves collating various provisions which relate to currency conversions which are conducted on the user's behalf by PayPal into one section and clarifying that where payments are funded by a Debit or Credit Card and involves a currency conversion, the user authorises PayPal to convert the currency in place of their Credit or Debit card issuer. Section 8 now reads:

### "8. Fees and Currency Conversion

**8.1 Fees.** Fees for Users registered in France are set out in Schedule 1 below. For the avoidance of doubts, a User with a PayPal Account not registered in France will be liable to PayPal for the fees as set out in the terms of the User Agreement applicable in the country where the User is registered or as set out in the Fee Table accessible via the "footer" of each page of the PayPal website applicable to the country where the User is registered.

If other Fees apply for services or functionalities not referred to in Schedule 1, you will be notified of those Fees on the PayPal Website(s) where those other services or functionalities are offered or provided.

**8.2 Currency Conversion.** If your transaction involves a currency conversion, it will be completed at a foreign exchange rate determined by a financial institution, which is adjusted regularly based on market conditions. The exchange rate is adjusted regularly and may be applied immediately and without notice to you. This exchange rate includes a processing fee expressed as a certain percentage above the wholesale exchange rate at which PayPal obtains foreign currency, and the processing fee is retained by PayPal.

Where a currency conversion is offered by PayPal at the point of sale you will be shown the exchange rate that will be applied to the transaction before you proceed with authorising the payment transaction. By proceeding with your authorisation of the payment transaction you are agreeing to the currency conversion on the basis of the exchange rate. Where a currency conversion is offered at the point of sale by the merchant, not by PayPal, and you choose to authorise the payment transaction on the basis of the merchant's exchange rate and charges, PayPal has no liability to you for that currency conversion.

The "Currency Converter" tool can be accessed through your Account and used to see what exchange rates apply at any given time.

Where your payment is funded by a Debit or Credit Card and involves a currency conversion, by entering into this agreement you consent to and authorise PayPal to convert the currency in place of your Credit or Debit card issuer.

A Currency Conversion Fee (as set out in Schedule 1 of this Agreement) will apply whenever PayPal performs a currency conversion."

## • Amendment to the PayPal Acceptable Use Policy

### 1. Prohibited Activities

- a. Part 2 of this section is being amended to clarify that you may not use the PayPal service for activities that relate to transactions (i.e. not only sales) involving:

  - ii) additionally, stolen goods including digital and virtual goods.
- b. Part 4 of this section is being amended to clarify that you may not use the PayPal service for activities that relate to transactions involving certain credit repair, debt settlement services, credit transactions or insurance activities.

### 2. Activities Requiring Pre-Approval

## Amendment to the PayPal Privacy Policy

Effective Date: Jun 12, 2012

 [Print](#)  [Download PDF](#)

## • 1. Required Information

If you are accessing PayPal by way of a mobile device, the data we may collect from you or from your device might be different from a home computer, and may include specific information associated with mobile devices and the mobile use of the PayPal service. We have therefore supplemented the section on required information accordingly. The relevant part of this section reads as follows:

*"... When you access PayPal using a mobile device, we may collect and store device sign-on data (including device ID) and geolocation data in order to provide our services."*

## • 2. Our Use of "Cookies"

We have amended this section to include the providers of retargeting cookies UIM (United Internet Media) and Fetchback which provide similar services as Google and Criteo. The relevant part of this section now reads as follows:

*"... We participate in a cookie-based exchange operated by Criteo, UIM, Fetchback and Google. Criteo, UIM, Fetchback and Google use cookies to collect anonymous information, which may be used to tailor the advertising you see on PayPal or eBay sites or elsewhere on the web, but we don't permit them to collect any personal information about you. Please visit the [Criteo](#), [UIM](#), [Fetchback](#) and [Google](#) privacy information pages to learn more about each of their practices and privacy policies, including how to opt out of their programmes. ..."*

## • 3. Disclosure to Third Parties other than PayPal Customers

Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose user data to them from time to time so that the services our users have requested can be performed. These service providers provide important functions to us that allow us to be an easier, faster, and safer way to make payments.

In general, the Luxembourg laws to which PayPal's handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the

vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.

This section of the Privacy Policy has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties or for additional purposes for the purposes set out in the table below, or change the scope of purposes and data shared.

## 2. Disclosure to Third Parties other than PayPal Customers

Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose user data to them from time to time so that the services our users have requested can be performed. These service providers provide important functions to us that allow us to be an easier, faster, and safer way to make payments.

In general, the Luxembourg laws to which PayPal's handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.

This section of the Privacy Policy has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties for the purposes set out in the table below.

### • Amendment to the PayPal User Agreement

#### 1. Preamble

The second paragraph of the User Agreement is amended to clarify exactly which documents are incorporated by reference into the User Agreement. The amended paragraph reads as follows:

*This Agreement is a contract between you and PayPal (Europe) S.à r.l. & Cie, S.C.A. (R.C.S. Luxembourg B 118 349) ("PayPal") and applies to your use of the Services. The terms of the Acceptable Use Policy, Merchant Referral Bonus Policy and Merchant Gift Vouchers Policy located on the "legal agreements" landing page are incorporated by reference into this Agreement and provide additional terms and conditions related to the Services. The above mentioned documents are "Ancillary Documents" for the purpose of this Agreement. For the avoidance of doubt, neither the Ancillary Documents nor the parts of this Agreement that incorporate the terms of the Ancillary Documents constitute "framework contracts" for the purpose of the EU Payment Services Directive (2007/64/EC) or any implementation of that directive in the EU or EEA (including, without limitation, the UK Payment Services Regulations 2009). This Agreement, together with other legal terms and legally required disclosures relating to your use of the PayPal Service will be provided to you, at all times on the PayPal website(s) (typically located on the "Legal Agreements" landing page). This information may also be sent to you or appear in places on the PayPal website(s) or otherwise where relevant to your use of the PayPal Services.*

#### 2. Eligibility

The first sentence of section 2.1 is amended to clarify eligibility requirements for our receiving our services. The amended part of section 2.1 now reads as follows (presented in context with the clause heading):

**"2.1 Eligibility.** To be eligible for our Services, you must (i) be a resident of one of the countries listed on the *PayPal Worldwide* page; (ii) have full legal capacity to enter into a contract; and (iii) if you are an individual, be at least 18 years old."

#### 3. Funding Source Limitations

Section 3.6 is amended to further clarify that the availability of Funding Sources may be limited for PayPal payments made through certain third party websites or applications. Section 3.6 now reads:

**"3.6 Funding Source Limitations.** In order to manage risk, PayPal may limit the Funding Sources available for a transaction. If we limit a Funding Source, we will alert you that there is a higher than normal level of risk associated with the payment (for example and without limitation, a risk that the payment may be challenged to be unauthorised). Such a notice does not mean that either party to the transaction is acting in a dishonest or fraudulent manner. It means there may be a higher than normal level of risk associated with the payment. Funding Sources may be limited also if you make a PayPal payment through certain third party websites or applications.

*If your Funding Sources are limited, you may choose to continue with the transaction with the understanding that you may have fewer avenues available for dispute resolution should the transaction turn out to be unsatisfactory (for instance, if one of your Funding Sources is your credit card but, as a result of a limitation of Funding Sources, you cannot fund your PayPal payment by credit card, you will not have chargeback rights for the PayPal payment).*"

#### 4. Third Party initiated payments (including Recurring Payments) – refunds

The conditions for a user to be able to request a refund from PayPal for a variable Recurring Payment in Section 3.10 have been clarified. The amended part of section 3.10 now reads as follows (presented in context with the clause heading):

**“ 3.10 Third party initiated payments (including Recurring Payments).**

...

You agree that you cannot request a refund from PayPal for a variable Recurring Payment unless:

- a. *the applicable amount exceeded the amount you could have reasonably been expected to make, taking into account your previous spending patterns and the circumstances of the case; or*
- b. *where your consent to the making of the Recurring Payment was not given as set out in section 3.1(e), the information relating to the Recurring Payment was not provided or made available to you for at least 4 weeks before the date the payment transaction was made to the merchant;*
- and*
- c. *you notify us of the request within 8 weeks from the date the payment was made; and*
- d. *you comply with our requests to obtain information which we reasonably require to review the circumstances of the case.”*

**5. Lifting your receiving limit**

The first paragraph of section 4.1 is amended to clarify information about lifting your receiving limit. The first paragraph of section 4.1 now reads:

**“4.1 Lifting your receiving limit.** *If you have a yearly receiving limit on your Account, you can view it by logging into your Account and clicking on the “View Limits” link on the “Account Overview”. For this purpose, “yearly” relates to each calendar year. We may, at our reasonable discretion (for example, without limitation, to limit fraud or credit risk), impose limits on the amount of money you can receive through our Service.”*

**6. Withdrawal/Redemption Limits**

Section 6.2 is amended to clarify information about your withdrawal limit. Section 6.2 now reads:

**“6.2**

- a. *Withdrawal/Redemption Limits. You agree to comply with our requests to verify your identity before we redeem E-money to you to allow us to reduce the risk of fraud or to otherwise comply with our anti-money laundering or other legal obligations. You can view your yearly and/or other periodic withdrawal limits, if any, by logging into your Account and clicking on the “View Limits” link on the “Account Overview.” For this purpose, “yearly” relates to each calendar year. We may, at our reasonable discretion (for example, without limitation, to limit fraud or credit risk), impose limits on the amount of money you can withdraw through our Service.*
- b. *Execution Times. Redemption transactions from your Payment Account will be executed within the timeframes set out in section 3.1, however, we may review your withdrawal transaction to mitigate any risks and/or to prevent money laundering and to ascertain whether any Restricted Activity (as set out in section 9) is taking place (“Redemption Risk”). Where a Redemption Risk is identified by us, we reserve the right to restrict your Payment Instrument and/or refuse your Payment Order. When you instruct us to perform a redemption, we may treat this as a future dated Payment Order which we will execute within the timeframes set out in section 3.1 once we determine the Redemption Risk has passed. If we release the restriction and/or proceed to process your withdrawal, you agree that the date of your Payment Order will start on the Business Day the restriction was lifted.”*

**7. Unclaimed Balances**

Section 7.3 is amended to clarify information about the Luxembourg Caisse de Consignation. Section 7.3 now reads:

**“7.3 Unclaimed Balances on Dormant Accounts.** *Subject to the remainder of this section, E-money held in your Account is not subject to any time limitation as to its validity. If you do not access your Account for a period of three years it may be closed. After closure, we may use the information you have provided us to try to send you any funds in redemption of the E-money in your Account. If that information is not correct and we are unable to complete the payment to you, we may then deposit your E-money with the Luxembourg Caisse de Consignation at Trésorerie de l’Etat, 3, rue du St-Esprit, L-1475, Luxembourg, Tel: (+352) 2478-2478, Fax: (+352) 46 72 62. For the avoidance of doubt, the Trésorerie de l’Etat, Caisse de Consignation, is not an operational unit of the PayPal, but a department of the Luxembourg Treasury operating under the jurisdiction of the Luxembourg Ministry of Finance. Please contact PayPal Customer Service at the telephone number shown on the PayPal web site(s) if you have any questions about funds held in your Account if it has been closed pursuant to this section 7.3.”*

## 9. Restricted Activities

Sections 9.1 n, o, q, r and ff have been clarified and now read as follows (presented in context with their root clause):

**"9.1 Restricted Activities.** In connection with your use of our website, your Account, or the Services, or in the course of your interactions with PayPal, a User or a third party, you will not:

...

n. Cause PayPal to receive a disproportionate number of Claims that have been closed in favour of the claimant regarding your Account or business;

...

o. Have a credit score from a credit reporting agency that indicates a high level of risk associated with your use of the Services;

...

q. Allow your Account to have a balance reflecting an amount owing to us;

*r. Undertake activity that does or may present to us a credit or fraud risk, a sudden increase in exposure, or a significant or otherwise detrimental level of exposure (as PayPal reasonably believes based on the information available to it);*

...

*ff. Request or send a Personal Transaction payment for a Commercial Transaction; or*

..."

## 10. Your Liability

Section 10.2h is amended to clarify that, in the circumstances as further set out in section 10.2, PayPal may hold funds to the extent and for so long as reasonably needed to protect against the risk of liability. A non-exhaustive guide to circumstances in which such risk of liability arises is also included. Section 10.2h now reads (set in the context of its root clause):

**"10.2 Actions by PayPal.** *If we have reason to believe that you have engaged in any Restricted Activities, we may take various actions to protect PayPal, eBay, a User, a third party, or you from Reversals, Chargebacks, Claims, fees, fines, penalties and any other liability. The actions we may take include but are not limited to the following:*

...

**h. We may hold your funds** *to the extent and for so long as reasonably needed to protect against the risk of liability. You acknowledge that, as a non-exhaustive guide:*

- i. *PayPal's risk of liability in respect of card-funded payments that you receive can last until the risk of a Chargeback closing in favour of the payer/buyer (as determined by card scheme rules) has passed. This depends on certain factors, including, without limitation:*
  - a. *The type of goods or services for which you receive payment; or*
  - b. *The timeframe for delivery of the goods or performance of the services for which you receive payment (e.g. sales of event tickets months in advance of the event date can present a higher and more enduring risk of Chargebacks than sales of most other items or services);*
- ii. *PayPal's risk of liability in respect of a Claim or Dispute arising from a payment that you receive can last for the time that it takes for the parties to close the Claim or Dispute and all appeals associated with that Claim or Dispute in accordance with section 13 of this Agreement;*
- iii. *PayPal's risk of liability in respect of any event of insolvency that you suffer can last for as long as and to the extent that laws applicable to your insolvency restrict PayPal from taking legal action against you; and*
- iv. *If you allow your Account to have a balance reflecting an amount owing to PayPal, PayPal's risk of liability can last for the time and to the extent that you owe that amount to PayPal."*

## 11. Other changes

The following sections of the User Agreement have been amended to clarify existing wording and correct typographical errors: **the part of the preamble labelled "Important", 2.3b, 3.2, 3.4, 3.5, 3.7, 3.13, 7.2, 8, 11, and 15.**

### • Amendment to the PayPal Privacy Policy

#### 1. Notification of Changes

We have amended the wording in the first two paragraphs of this section to clarify the process by which we make changes to the Privacy Policy. The first two paragraphs of this section now read as follows:

*"This Privacy Policy may be revised over time as new features are added to the PayPal Services or as we incorporate suggestions from our customers. We may amend this Privacy Policy at any time by posting a revised version on our web site. The revised version will be effective at the time we post it. In addition, if we propose to change this Privacy Policy in a substantial manner, we will provide you with at least 30 days' prior notice of such a change by posting notice on the "Policy Updates" page of our website(s). After this 30 days notice, you will be considered as having expressly consented to all amendments to the Privacy Policy. If you disagree with the terms of this Privacy Policy, you may close your account at any time. Please check the PayPal website at <https://www.paypal.com/uk/> at any time for the most current version of our Privacy Policy."*

We have also inserted a paragraph to clarify the status of the Privacy Policy with reference to the EU Payment Services Directive (2007/64/EC) to reflect the fact that it is not a "framework contract" for the purpose of that Directive. The paragraph now reads as follows:

*"For the avoidance of doubt, this Privacy Policy does not constitute a "framework contract" for the purpose of the EU Payment Services Directive (2007/64/EC) or any implementation of that directive in the European Union or EEA (including, without limitation, the UK Payment Services Regulations 2009)."*

#### 2. Information About You From Third Parties

The first paragraph of this section has been amended to clarify that PayPal verifies the information you provide with the "Payment Processors" and/or "Credit Reference and Fraud Agencies" listed in the table under the section "Disclosure to Third Parties Other than PayPal Customers". The first paragraph of this section (together with other typographical changes) now reads as follows:

*"In order to protect all our customers against potential fraud, we verify the information you provide with the "Payment Processors" and/or "Credit Reference and Fraud Agencies" listed in the table under the section "Disclosure to Third Parties Other than PayPal Customers" below. In the course of such verification, we receive personally identifiable information about you from such services. In particular, if you register a credit card or debit card with PayPal, we will use card authorisation and fraud screening services to verify that your card information and address match the information you supplied to PayPal,*

and that the card has not been reported as lost or stolen.”

### 3. Internal Uses

The fifth bullet point of this section has been amended to clarify that PayPal can deliver targeted marketing and advertising, service updates, and promotional offers based on your activities when using the PayPal Services. The bullet point now reads as follows (set in the context of the section):

*“We collect, store and process your personal information on servers located in the United States and operated by our parent company, PayPal Inc and elsewhere in the World where PayPal facilities are located. Our primary purpose in collecting personal information is to provide you with a safe, smooth, efficient, and customised experience. You agree that we may use your personal information to: ...*

*• deliver targeted marketing and advertising, service updates, and promotional offers based on the communications preferences you have defined for your PayPal account (please refer to the section “Our Contacts with PayPal Customers” below) and your activities when using the PayPal Services;...”*

### 4. Disclosure to Third Parties other than PayPal Customers

Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose data to them so that the services our users have requested can be performed. These service providers provide important functions to us that allow us to be an easier, faster, and safer way to make payments.

In general, the Luxembourg laws to which PayPal’s handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.

- a. The first paragraph of this section has been amended to clarify how PayPal will deal with your personal information. The relevant paragraph now reads:

*“PayPal will not sell or rent any of your personal information to third parties for their marketing purposes without your explicit consent, and will only disclose this information in the limited circumstances and for the purposes described in this policy. This includes transfers of data to non-EEA member states. Specifically, you consent to and direct PayPal to do any and all of the following: ...”*

- b. This section of the Privacy Policy has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties for the purposes set out in the table below.

You do not need to do anything to accept the changes as they will automatically come into effect on the above date. Should you decide you do not wish to accept them you can notify us before the above date to **close your account** ([https://www.paypal.com/fr/cgi-bin/?&cmd=\\_close-account](https://www.paypal.com/fr/cgi-bin/?&cmd=_close-account)) immediately without incurring any additional charges.

We do hope, however, that you continue to use PayPal and enjoy the following benefits:

### **It's safer**

When you pay with PayPal your financial details are never shared with sellers or retailers, so you're more protected against fraud.

### **It's faster**

You don't have to type in your card details each time you pay, so you can check out faster online. You can also get eBay items delivered more quickly, as you can pay the seller instantly.

### **It's easier**

PayPal is one of the preferred web payment methods in the EU because it's a smarter, sawier way to pay online in just a few clicks. All you need is your email address and a password.

## 1. Fees

Section 8 has been amended in the following ways:

- The second paragraph of section 8 has been amended to clarify the circumstances in which you can and cannot send or receive personal transaction payments and how and when fees are incurred for sending personal transaction payments, with corresponding deletions in the fee table. The relevant paragraph now reads as follows:

*"As far as personal transactions are concerned, please note that:*

- you cannot send money for a PayPal personal transaction from some countries,*

including Germany or China;

- b. Indian registered Accounts may neither send nor receive personal transaction payments. This means that you cannot send personal transaction payments to Indian registered Accounts; and
  - c. when a fee applies to a personal transaction, either the sender or the recipient pays the fee, not both. In most cases, the sender decides who pays the fee. In some cases, the sender will not be able to decide and the sender or the recipient will be required to pay the fee. If you send a personal transaction payment from a third party (non PayPal) website or application then the third party will determine if the sender or recipient of a personal transaction payment will pay the personal transaction fee. This will be disclosed to you by the third party".
- b. to update the fees for cross border personal transactions where the country of the recipient's registered PayPal Account is Brazil, Hong Kong, Singapore or Taiwan.

The relevant part of the fee table for cross border personal payments now reads as follows:

<b>Fee for payment fully funded by:</b> <b>- PayPal Balance</b> <b>- Bank</b>	<b>Fee for payment fully or partially funded by:</b> <b>- Debit card and/or</b> <b>- Credit Card</b>
<b>Important: this fee is based on the country of the recipient's registered PayPal Account.</b>	<b>Important: this fee is based on the country of the recipient's registered PayPal Account.</b>

## 2. Liability for Claims under PayPal Buyer Protection

Section 10.1.b is being amended to clarify that a seller will be liable to PayPal if that seller loses a Claim from a buyer with a PayPal account registered anywhere in the world. The relevant part of section 10.1.b now reads as follows:

*"Notwithstanding any other section of this Agreement, if PayPal makes a final decision that you lose a Claim filed directly with PayPal by a buyer registered anywhere in the world, you will be required to reimburse PayPal for your liability. This includes, without limitation, where you sell to a buyer who is registered in a Full SNAD Coverage Country. Your liability will include the full purchase price of the item and original shipping cost (and in some cases, you may not receive the item back). PayPal Seller Protection may cover your liability, see section 11 below."*

## 3. Seller Protection

Section 11.10 is being amended to clarify that the following types of items are not eligible for Seller Protection: items bought on or outside of eBay via classified listings and items that are not shipped to the recipient's address or that are shipped to the recipient's address but later redirected to a different address. Section 11.10 now reads as follows:

### **" 11.10 What are examples of items/transactions/cases that are not eligible for seller protection?"**

## 4. PayPal Buyer Protection

Section 13 is being amended to reflect changes to the PayPal Buyer Protection programmes. The amendments:

1. consolidate the PayPal protections for buyers into one PayPal Buyer Protection programme (covering buyer protection both 'on' and 'off' eBay);
2. grant full protection to buyers for "Items Not Received" Claims relating to items purchased outside of eBay (subject to the eligibility requirements referred to below);
3. clarify the eligibility requirements for protection under PayPal Buyer Protection; and
4. enable French registered users to also be eligible for reimbursement for Claims in respect of "Significantly Not As Described" items purchased on a local classified website and paid with PayPal through the seller's PayPal checkout flow available on the seller's website.

Section 13 will read as follows:

### **" 13. PayPal Buyer Protection**

#### **13.1 What types of problems are covered?**

- a. *PayPal Buyer Protection helps you with either of these problems:*
  - i. *You did not receive the item you paid for with PayPal – "Item Not Received" ("INR")*
  - ii. *You received an item you paid for with PayPal but it is "Significantly Not as Described" ("SNAD"). Further information on what we mean by "SNAD" is set out in section 13.8.*
- b. *If your problem is a transaction that you did not authorise, please report the unauthorised transaction through the PayPal Security Centre at <https://www.paypal.fr/secure> or following the link "Security Center" at the bottom of the home page of the PayPal Website.*

#### **13.2 What are the eligibility requirements for PayPal Buyer Protection?**

*You must meet all of these requirements to be eligible for a payment under PayPal Buyer Protection:*

- a. *Your payment must be for an eligible item and made from your PayPal Account (see Section 13.3 for further details on item eligibility);*
- b. *Pay the full amount of the eligible item in one payment. Items purchased with multiple payments – like a deposit followed by a final payment – are not eligible.*
- c. *Send the payment to the seller through:*
  - i. *The eBay "Pay Now" button or the eBay invoice,*
  - ii. *The "Send Money" button of your PayPal account by selecting "eBay Item" and entering your eBay User ID and the eBay item number, or*
  - iii. *for INR claims relating to purchases made outside of eBay: the Send Money tab on the PayPal website by clicking the "Purchase" tab, or the seller's PayPal checkout flow, or*
  - iv. *for SNAD Claims relating to purchases made outside of eBay: the classified web site's PayPal checkout flow; and*
- d. *Open a Dispute within 45 days of the date you sent the payment and follow the online dispute resolution process described below under "How do I resolve my problem?" in section 13.5.*

#### **13.3 What type of payments are eligible for re-imbursement under PayPal Buyer Protection?**

- a. *PayPal Buyer Protection only applies to PayPal payments for certain tangible, physical goods that can be posted. Payments for the following are not eligible for re-imbursement under PayPal Buyer Protection:*
  - *intangible items*
  - *services*
  - *real estate (including, without limitation, residential property)*
  - *businesses*
  - *vehicles (including, without limitation, motor vehicles, motorcycles, caravans, aircraft and boats),*
  - *custom made items*
  - *travel tickets (including, without limitation, airline flight tickets)*
  - *items prohibited by the PayPal Acceptable Use Policy*
  - *items that violate eBay's Prohibited or Restricted Items Policy*
  - *licences*
  - *access to digital content*
  - *industrial machinery used in manufacturing*
  - *items equivalent to cash (including, without limitation, gift cards)*
  - *Items purchased using Website Payments Pro or Virtual Terminal (if available)*
  - *Personal transaction payments*
  - *For SNAD Claims only: items listed outside of eBay, except items listed on a local classifieds website (i.e. a marketplace where different sellers can offer their items for sale to buyers using a classifieds format) that has agreed with PayPal to fully integrate PayPal on such website so that PayPal may be offered by any seller as a payment method. The list of such local classifieds website will be accessible on the following page:  
[https://cms.paypal.com/fr/cgi-bin/?cmd=\\_render-content&content\\_ID=ua/Classifieds\\_full](https://cms.paypal.com/fr/cgi-bin/?cmd=_render-content&content_ID=ua/Classifieds_full).*

- b. **Please note the following eligibility requirements applicable to eBay listings:** Look for either a PayPal Buyer Protection message or an eBay Buyer Protection message in the eBay listing. If you see this message and you meet the other eligibility requirements, your item is eligible for PayPal Buyer Protection. You can view this message in the listing after you complete your purchase by logging in to your eBay account, going to "my eBay," then "won," and looking at the listing. If the listing does not include the buyer protection message, then it is not eligible for PayPal Buyer Protection.

#### 13.4 How much coverage do I get with PayPal Buyer Protection?

- a. If PayPal determines a Claim in your favour, PayPal will reimburse you the full purchase price of the item and original postage costs only.
- b. PayPal will not reimburse you for the postage costs you incur to return a SNAD item to the seller or another party PayPal specifies. If the seller presents evidence that they delivered the goods to your address, PayPal may find in favour of the seller even if you did not receive the goods. See section 13.10 for other protection you may be entitled to. Alternatively, if you are a French customer, you may wish to contact the Direction Générale de la Concurrence, de la Consommation et de la Répression des Fraudes (<http://www.dgcrf.bercy.gouv.fr/>) for advice on your consumer rights.

#### 13.5 How do I resolve my problem?

If you are unable to resolve a problem directly with the seller, go to the Online Resolution Centre and follow this process:

- a. **Open a Dispute**

Open a Dispute within **45 days** of the date you made the payment for the item you would like to dispute.

- b. **Escalate the Dispute to a Claim**

If you and the seller are unable to come to an agreement, escalate the Dispute to a Claim **within 20 days** of opening the Dispute. **It is your responsibility to keep track of these deadlines.**

You must wait at least 7 days from the date of payment to escalate a Dispute for an Item Not Received (INR), unless the Dispute is for USD 2,500 or more (or currency equivalent). To find the currency equivalent in any other currency (for example, GBP or Euro) at the time of transaction please log into your Account and use the "Currency Converter" tool located in your Account Overview. If you do not escalate the Dispute to a Claim within 20 days, PayPal will close the Dispute and you will not be eligible for a payment under the terms of PayPal Buyer Protection. You are permitted to edit or change a Claim after filing only if you wish to add further information or if you wish to change the reason of your Dispute/Claim from "Item Not Received" to "Significantly Not as Described" (but only if it relates to a single payment). Otherwise you may not edit or change a Claim after filing it.

- c. **Respond to PayPal requests for information in a timely manner**

During the Claim process, PayPal may require you to provide documentation to support your position. You may be asked to provide receipts, third party evaluations, police reports, or anything else that PayPal specifies.

- d. **Comply with PayPal shipping requests in a timely manner**

For Significantly Not as Described (SNAD) Claims, PayPal may require you to post the item back to the seller – or to PayPal – or a third party at your expense and to provide:

If you use the service Colissimo National:

- for items below € 200 EUR, PayPal requires only a physical Proof of Postage ; and
- for items of € 200 EUR or above, PayPal requires a Proof of Delivery.

For all other national shipping services (and international shipping), PayPal requires a Proof of Delivery, whatever the value of the item.

The amounts in other currencies applicable to this requirement are: 325.00 CAD, 150 GBP, 250.00 USD, 28,000 JPY, 350.00 AUD, 330.00 CHF, 1,600.00 NOK, 2,000.00 SEK, 1,500.00 DKK, 800.00 PLN, 55,000 HUF, 6,000.00 CZK, 400.00 SGD, 2,000.00 HKD, 380.00 NZD, 2,750.00 MXN, 1,000.00 ILS, 8,250.00 TWD, 9,000.00 THB, 12,500.00 PHP, 500.00 BRL, 750.00 ARS.

Please take reasonable precautions in re-packing the item to reduce the risk of damage to the item during transit. PayPal may also require you to destroy the item and to provide evidence of its destruction .

#### 13.6 How is the Claim resolved?

Once a Dispute has been escalated to a Claim, PayPal will make a final decision in favour of the buyer or the seller. You may be asked to provide receipts, third party evaluations, police reports, or any other information or documents reasonably required by PayPal to investigate the Claim. PayPal retains full discretion to make a final decision in favour of the buyer or the seller based on any criteria PayPal deems appropriate. In the event that PayPal makes a final decision in favour of the buyer or seller, each party must comply with PayPal's decision. PayPal may require the buyer to post an item back to the seller that the buyer claims is Significantly Not as Described (at the buyer's expense), and PayPal may require a seller to accept the item back and refund the buyer the full purchase price plus original postage costs. If a seller refuses to accept the item, PayPal may award the Claim in favour of the buyer, provided the buyer has provided satisfactory evidence to PayPal that the item was sent to the seller. In the event a seller loses a Claim, the seller will not receive a refund on his or her PayPal or eBay fees associated with the transaction. If you lose a Significantly Not as Described Claim because the item you sold is counterfeit, you will be required to provide a full refund to the buyer and you will not receive

the item back (it may be destroyed).

### 13.7 What if my purchase is not eligible for re-imbursement under PayPal Buyer Protection?

You may also look to resolve a problem directly with the seller by filing a dispute through the PayPal Online Resolution Centre. **To do so, you must file a Dispute in the PayPal Online Resolution Centre within 45 days of the date you sent the payment.** Once you have done so, you should attempt to resolve the Dispute directly with the seller. If your payment is not eligible under PayPal Buyer Protection, PayPal will not make a decision on the Claim.

### 13.8 What is Significantly Not as Described (SNAD)?

- a. An item is Significantly Not as Described (SNAD) if it is materially different from what the seller described in the item listing. Here are some non-exhaustive examples:
  - You received a completely different item. For instance, you purchased a book and received a DVD or an empty box.
  - The condition of the item was misrepresented. For instance, the listing said "new" and the item was used.
  - The item was advertised as authentic but is not authentic.
  - The item is missing major parts or features that were not disclosed in the listing.
  - You purchased 3 items from a seller but received only 2.
  - The item was damaged during postage.
- b. An item is not Significantly Not as Described (SNAD) if it is not materially different from the seller's description. Here are some non-exhaustive examples:
  - The defect in the item was correctly described by the seller.
  - The item was correctly described but you didn't want it after you received it.
  - The item was correctly described but did not meet your expectations.
  - The item has minor scratches and was listed as used condition.

### 13.9 Assumption of rights

If PayPal pays out a Claim, Reversal or Chargeback that you file against a recipient of your payment, you agree to transfer and allow PayPal to have your rights, benefits and remedies against the recipient of your payment. This is known in legal terms for you to agree to "subrogate" or otherwise "assign" to PayPal your rights against the recipient and third parties related to the payment, and agree that we may pursue those rights, benefits and remedies directly or on your behalf, in PayPal's discretion.

### 13.10 Relationship between PayPal Buyer Protection programs and chargebacks

Credit card chargeback rights, if they apply, may be broader than PayPal Buyer Protection. Chargeback rights are not limited to specific amounts per transaction, may be filed more than 45 days after the payment, and may cover intangible items. You may pursue a Claim or Dispute with PayPal, or you may contact your credit card company or credit card issuer and pursue your chargeback rights. You may not pursue both at the same time or seek a double recovery. If you have an open Claim or Dispute with PayPal; and subsequently file a chargeback with your credit card company, PayPal will close your Dispute or Claim, and you will have to rely solely on your chargeback rights. If PayPal does not make a final decision on your Claim until after your credit card issuer's deadline for filing a chargeback or after your bank's deadline for filing a dispute, and because of our delay you recover less than the full amount you would have been entitled to recover from the credit card issuer (that is, the chargeback amount which is the amount paid through your credit card in the relevant transaction), we will reimburse you for the remainder of your loss (minus any amount you have already recovered from the seller). Before contacting your card issuer or filing a Dispute with PayPal, you should contact the seller to resolve your issue in accordance with the seller's return policy as stated on their eBay listing or web site.

### 13.11 No Double Recovery.

You may not file a Dispute/Claim, or receive a recovery, for a purchase under PayPal Buyer Protection for buyers if you have already received a recovery for that purchase directly from eBay or the seller."

## 5. Access to and provision of our Services

Section 14.6 has been amended to clarify existing wording relating to the scope of PayPal's liability arising from issues relating to the access to our Services or delays in the provision of our Services. Section 14.6 now reads as follows:

**"14.6 No Warranty.** We provide the Services to you subject to your statutory rights but otherwise provided without any warranty or condition, express or implied, except as specifically stated in this Agreement. PayPal does not have any control over the products or services that are paid for with our Service and PayPal cannot ensure that a buyer or a seller you are dealing with will actually complete the transaction or is authorised to do so. PayPal does not guarantee continuous, uninterrupted or secure access to any part of our Service. We shall not be liable for any delay in the failure in our provision of the Services under this Agreement. You acknowledge you're your access to the Web Site(s) may be occasionally restricted to allow for repairs, maintenance or the introduction of new facilities or services. PayPal will make reasonable efforts to ensure that requests for electronic debits and credits involving bank accounts and debit and credit cards are processed in a timely manner. **You must check all correspondence between us carefully and tell us as soon as possible if it includes something which appears to you to be wrong or not made in accordance with your instructions."**

## 6. Definitions

A new defined expression is being added to Section 15, which reads as follows:

**“Full SNAD Coverage Country”:** a country which offers to buyers full coverage for SNAD Claims on and outside of eBay, including, without limitation, the United States, Canada, Germany and the United Kingdom.

## • Amendment to the PayPal Privacy Policy

### 1. Notification of Changes

We have amended the wording in the first two paragraphs of this section to clarify the process by which we make changes to the Privacy Policy. The first two paragraphs of this section now read as follows:

*“We may at any time amend, delete or add to this Privacy Policy (a “Change”) by giving notice of such Change by posting a revised version of this Privacy Policy on the PayPal website(s). A Change will be made unilaterally by us and you will be deemed to have accepted the Change after you have received notice of it. We will give you 2 months’ notice of any Change with the Change taking effect once the 2 month notice period has passed, except the 2 month notice period will not apply where a Change relates to the addition of a new service, extra functionality to the existing Services or any other change which we believe in our reasonable opinion to neither reduce your rights nor increase your responsibilities. In such instances, the Change will be made without prior notice to you and shall be effective immediately upon giving notice of it.*

*If you do not accept any Change, you must close your PayPal account following the account closure procedure set out in section 7.1 of the User Agreement. If you do not object to a Change by closing your PayPal account within the 2 month notice period, you will be deemed to have accepted it. While you may close your PayPal account at any time and without charge, please note that you may still be liable to us after you close your PayPal account for any liabilities you may have incurred and are responsible for prior to close your PayPal account and please further note our rights under section 10.3 (Account closure and limited access) of the User Agreement.”*

### 2. Binding Corporate Rules

We have added a new section to the Privacy Policy to clarify that, eBay Inc., the parent company of PayPal, has established a set of Corporate Rules. Depending upon your location, these rules may provide additional privacy rights through your privacy regulator or a court. This section reads as follows:

*“In addition to the privacy practices set out in this Privacy Policy, eBay Inc., the parent company of PayPal, has established a set of Corporate Rules (also referred to as Binding Corporate Rules), approved by a number of European Union privacy regulators. These Corporate Rules are a commitment by eBay Inc. to adequately protect your personal information regardless of where the data resides, and depending upon your location, may provide additional privacy rights through your privacy regulator or a court. If you would like additional information regarding the Corporate Rules or contact us via the contact details below.”*

### 3. Information About You From Third Parties

We have added new wording to this section to clarify that PayPal may also collect information from members of the eBay Inc. corporate family or other companies.

### 4. Our Use of “Cookies”

We have amended this section to further clarify how and why PayPal uses cookies and to remind you that you may encounter cookies from third parties when using the PayPal Services on websites we do not control. The relevant part of this section now reads as follows:

*“We also use cookies to customise the PayPal Services, content, and advertising; measure promotional effectiveness, and promote trust and safety.*

*You may encounter cookies from third parties when using the PayPal Services on websites we do not control (for example, if you view a web page created by a third-party or use an application developed by a third-party, there may be a cookie placed by that web page or application).”*

### 5. Internal Uses

This section has been amended to clarify that PayPal collects stores and processes your personal information on servers located throughout the World where PayPal facilities are located. This section now reads as follows:

*“We collect, store and process your personal information on servers located in the United States and operated by our parent company, PayPal Inc and elsewhere in the world where PayPal facilities are located. Our primary purpose in collecting personal information is to provide you with a safe, smooth, efficient, and customised experience. You agree that we may use your personal information to:*

- 1. provide the services and customer support you request;*
- 2. resolve disputes, collect fees, and troubleshoot problems;*
- 3. prevent potentially prohibited or illegal activities, and enforce our User Agreement;*
- 4. customise, measure, and improve our services and the content and layout of our website;*
- 5. tell you about targeted marketing, service updates, and promotional offers based on the communications preferences you have defined for your PayPal account (please refer to the section “Our contacts with PayPal Customers” below);*
- 6. compare information for accuracy, and verify it with third parties.”*

### 6. Marketing

We have added a new section to the Privacy Policy to clarify how we use your information to improve and personalise the PayPal Services, content and advertising and how you may adjust your preferences in this regard. This section reads as follows:

*“We may combine your information with information we collect from other companies and use it to improve and personalise the PayPal Services, content and advertising. If you don’t wish to receive*

marketing communications from us or participate in our ad-customisation programs, simply indicate your preference by logging into your account and going to the Profile subtab under the My Account tab and adjusting your preferences under Account Information, or by following the directions provided with the communication or advertisement.”

## 7. Disclosure to Other PayPal Customers

This section has been amended to clarify how your information is used when you use third parties to access the PayPal Services. Specifically, if you open a PayPal account directly on a third party website or via a third party application your information may be shared with (and subject to the privacy policies of) that third party website or third party application. This section now reads as follows:

*“If you are a registered PayPal user, your name, email address, Skype ID (if applicable), phone number (if applicable), date of sign-up, the number of payments you have received from verified PayPal users and whether you are a verified PayPal user are made available to other PayPal customers who you have paid or who are attempting to pay you using the PayPal Services. If you are a Business account holder, we will also display to other PayPal customers the website address (URL) and customer service contact information that you provide us. In addition, this and other information may also be shared with third parties when you use these third parties to access the PayPal Services. However, your credit card number, bank account and other financial information will not be revealed to anyone who you have paid or who has paid you through the PayPal Services or third parties that use PayPal Services, except with your express permission or if we are required to do so pursuant to credit card rules or a court order or other legal process.*

*If you are buying goods or services and pay through PayPal, we may provide the seller with the shipping address for the goods and your billing address to complete your transaction. If you are making a donation through PayPal, we may provide the charity organisation with your billing address. If an attempt to pay your seller fails, or is later invalidated, we may also provide your seller with details of the unsuccessful payment. To facilitate dispute resolutions, we may provide a buyer with the seller's address so that goods can be returned to the seller.*

*We work with third parties, including merchants to enable them to accept or facilitate payments from or to you using the PayPal Services. In doing so, a third party may share information about you with us such as your email address or phone number, when a payment is sent to you or when you are attempting to pay that third party. We use this information to confirm that you are a PayPal customer and that PayPal can be used to make a payment or where a payment is sent to you to send you notification that you have received a payment. Also, if you request that we validate your status as a PayPal customer with a third party, we will do so. Please note that third parties you buy from and contract with may have their own privacy policies and PayPal is not responsible for their operations, including but not limited to their processing of personal data.*

*By accepting this Privacy Policy, you expressly agree and consent that each time you pay or attempt to pay another PayPal customer (including a merchant) by using your PayPal account, PayPal may transfer the aforementioned relevant data to the such PayPal customer who may be located outside of the European Union, in order to process, execute or otherwise deal and provide information about the payment.*

*If you open a PayPal account directly on a third party website or via a third party application, any information that you enter on that website or application (and not directly through the PayPal Services) will be shared with the owner of such third party website or application and your information may be subject to their privacy policies.”*

## 8. Disclosure to Third Parties other than PayPal Customers

**Just like most banks or financial/payment service providers, PayPal works with third-party service providers. We need to disclose data to them so that the services our users have requested can be performed. These service providers provide important functions to us that allow us to be an easier, faster, and safer way to make payments.**

**In general, the Luxembourg laws to which PayPal's handling of user data is subject (data protection and bank secrecy) require a higher degree of transparency than most other EU laws. This is why, unlike the vast majority of providers of internet-based services or financial services in the EU, PayPal lists in its Privacy Policy every third party service provider to whom it discloses user data, together with the purpose of disclosure and type of information disclosed.**

- a. Paragraph b of this section has been amended to allow PayPal to disclose User information accordingly, in response to requirements of credit card rules (the rules set by payment card associations). This paragraph now reads as follows:

*“Disclose information in response to requirements of the credit card rules, civil or criminal legal process.”*

- b. The Privacy Policy has been amended to allow PayPal to disclose certain PayPal customer information to additional third parties for the purposes set out in the table below.

PayPal is increasing the sending limit applicable to PayPal accounts. Section 3.2 will now read as follows:

**“3.2 Sending Limits.** The transaction sending limit on your Account is 2,500 Euro per calendar year starting from the date that payment activity first took place on your Account. - PayPal is also clarifying the User Agreement to provide that the withdrawal of your Balance to a credit card if and when available triggers a fee (the withdrawal of your Balance to a bank account remains free). The corresponding part of Section 8 will now read as follows::

Withdrawing your Balance	<p>Withdrawal to a bank account: free</p> <p>Withdrawal to a credit card (if and where available):</p> <p>Free for amounts of 100 Euro or more withdrawn</p> <p>1 Euro if 99.99 Euro or less is withdrawn</p>
--------------------------	---

- PayPal is also amending the Fixed Fees applicable to domestic and cross-border micropayments when the currency received is Euro or Polish Zloty. The corresponding part of Section 8 will now read as follows:

## 3. Your liability

Section 10.1 is being amended to provide that in case there are insufficient funds in a user's Balance to cover for his/her liability (including in case such user has lost a Claim), PayPal reserves the right to collect

his/her debt to PayPal by other means, which are being detailed in the revised Section 10.1 below:

#### **“10.1 Your Liability.**

a. You are responsible for all Reversals, Chargebacks, Claims, fees, fines, penalties and other liability incurred by PayPal, a PayPal User, or a third party caused by your use of the Services and/or arising out of your breach of this Agreement. You agree to reimburse PayPal, a User, or a third party for any and all such liability.

b. **Liability for PayPal Buyer Protection Claims, and Buyer Complaint Policy Claims.** Notwithstanding any other section of this Agreement, if PayPal makes a final decision that you lose a Claim filed directly with PayPal, you will be required to reimburse PayPal for your liability. If there are insufficient funds in your Balance to cover your liability, PayPal reserves the right to collect your debt to PayPal by using any payments received in your Account and otherwise you agree to reimburse PayPal through other means. PayPal may also recover amounts you owe us through legal means, including, without limitation, through the use of a debt collection agency.”

#### **4. Third party rights.**

Section 14.8 is being updated to clarify that eBay, as a third party, may rely on its rights as specified in the PayPal User Agreement. Section 14.8 will now read as follows:

Sections 1, 7, 8, 10, 14 and 15, as well as any other terms which by their nature should survive, will survive the termination of this Agreement. If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck out and the remaining provisions shall be enforced. A person who is not a party to this Agreement has no rights under the Contracts (Rights of Third Parties) Act 1999 to rely upon or enforce any term of this Agreement (except for eBay in respect of its rights as specified in this Agreement) but this does not affect any right or remedy of third parties which exists or is available apart from that Act.”

### • Amendment to the PayPal User Agreement

#### Amendment to the PayPal User Agreement

Many of the changes we are making to the PayPal User Agreement are being implemented as a result of new legislation introduced in various EU member states, derived from the EU Payment Services Directive (Directive 2007/64/EC) and in order to make clearer to you certain terms of the PayPal User Agreement.

#### 1. Amendments to the User Agreement

A new Section 1.8 is being added to clarify how we may amend, delete or add to the User Agreement and what you can do if you disagree with any changes to the User Agreement. Section 1.8 will read as follows:

**“1.8 Amendments to this Agreement.** We may at any time amend, delete or add to this Agreement, including the Fees and other amounts which apply to your Account (as set out in section 8) (a **“Change”**) by giving notice of such Change by posting a revised version of this Agreement on the PayPal website(s). A Change will be made unilaterally by us and you will be deemed to have accepted the Change after you have received notice of it. We will give you 2 months' notice of any Change with the Change taking effect once the 2 month notice period has passed, except the 2 month notice period will not apply where a Change relates to the addition of a new service, extra functionality to the existing Service or any other change which we believe in our reasonable opinion to neither reduce your rights nor increase your responsibilities. In such instances, the change will be made without notice to you and shall be effective immediately upon giving notice of it.

If you do not accept any Change, you must close your Account following the account closure procedure set out in section 7.1. If you do not object to a Change by closing your Account within the 2 month notice period, you will be deemed to have accepted it. While you may close your Account at any time and without charge, please note that you may still be liable to us after you terminate this Agreement for any liabilities you may have incurred and are responsible for prior to terminating this Agreement and please further note our rights under section 10.3 (Account closure and limited access).”

#### 2. Our execution of your Payment Orders

A new Section 3.1 is being added to outline how and when a Payment Order made by you is executed by us. Old Section 3.1 will now be Section 3.2 and subsequent subclauses in Section 3 will be renumbered in the same way. Section 3.1 will read as follows:

**“3.1 Our execution of your Payment Orders.** Subject to the terms of this Agreement (and your compliance with the same), you agree that we will execute a Payment Order made by you via your Payment Account and credit the payment service provider of the person you are sending your payment to, within 3 Business Days following the date you gave us, and we received your valid Payment Order, this is subject to you providing us with:

- a. your Payment Order before 4pm (local time of the country where your Account is registered) on a Business Day. If you provide us with your Payment Order after this time or not on a Business Day, you agree that your Payment Order was received by us on the following Business Day;
- b. a correct Unique Identifier or other valid details of the recipient or you as PayPal or the person you are paying may reasonably request from you when you complete the details to make the Payment Order;
- c. all mandatory information requested in the relevant payment or checkout flows;
- d. (if required), details of your valid Funding Source(s) that have sufficient funds to make the payment;
- e. valid consent to authorise your Payment Order, such valid consent is provided when you:
  1. click the “Pay” or “Continue” or other button in the sections of the PayPal website(s) or PayPal checkouts which permit you to send us a Payment Order after you have submitted your correct log-in information (eg e-mail and password) and successfully logged into your PayPal Account; and/or
  2. have set up a third party initiated payment Authorisation in which you have agreed with a merchant or other third party to provide an advance Authorisation to allow that merchant

or third party to collect or otherwise direct payment of funds from your PayPal Account; and/or

3. instruct us to make a payment in any other way which we may notify you when making the Payment Order from time to time.

Our obligation to execute payment orders within 3 Business Days following the date you gave us your valid Payment Order only applies to payments executed: between Users with registered Accounts in the European Economic Area ("EEA"); and in the currency of Pounds Sterling, Euro or the currency of the EEA State that has not adopted Euro as its currency. Once your Payment Order has been provided to us, you may not revoke it or otherwise withdraw your consent to the execution of the payment transaction, with the exception that you are able to cancel a Recurring Payment provided that you do so before the end of the Business Day which falls on the day before the next recurring payment is due to be made. We are under no obligation to execute your Payment Order if you do not have sufficient funds. PayPal reserves the right not to effect a payment made by you until it receives cleared funds."

### 3. Third party initiated payments (including Recurring Payments)

Old Section 3.9 has now become Section 3.10. Section 3.10 is being amended, amongst other things, to clarify when a user can request a refund for a variable Recurring Payment. Section 3.10 will now read as follows:

**"3.10 Third party initiated payments (including Recurring Payments).** A third party initiated payment is a payment in which you provide an advance Authorisation to a third party (for example, a merchant or eBay) to collect funds from your PayPal Account. One example of this type of payment is a "Recurring Payment" which is a third party initiated payment that can be managed via your PayPal Account. By providing an advance Authorisation, you are giving the third party the ability to collect or reverse variable amount payments from your Account on a one-time, sporadic, or recurring basis until you cancel your arrangement or authorisation with the applicable third party. **You hereby authorise and instruct PayPal to pay the third party (or another person they direct) amounts from your PayPal Account for amounts you owe as presented to us by the third party.** You agree that PayPal is not obligated to verify or confirm the amount the third party presents to us for the purpose of processing this type of payment. You further acknowledge and agree that payments made under this provision are variable and may be made on various dates. If your third party initiated payment requires a currency conversion by us, the amount of the Currency Conversion Fee (per section 8) will be determined at the time the applicable third party processes your payment and completes the transaction. You acknowledge that the exchange rate determined at the time of each payment transaction will differ and you agree to the future execution of third party initiated payments being based on fluctuating exchange rates. Third parties who present us with a payment request under this provision, warrant to PayPal that the amounts they present have been agreed and consented to by the User whose Account will be deducted (including changes to those amounts). Third parties who present us with a payment request under this provision also agree that they will notify their customers at least 4 weeks in advance of the amount they will collect if that amount has increased in such a manner that the customer could not have reasonably expected to pay such an amount, taking into account that customer's previous spending patterns and the circumstances of the payment. For Recurring Payments, you will have the option of selecting a Preferred Funding Source. If you do not select a Preferred Funding Source then the Default Funding Sources will apply. Recurring Payments are sometimes called "subscriptions", "preapproved payments" or "automatic payments". You agree that you can not request a refund from PayPal for a variable Recurring Payment unless:

- a. the applicable amount exceeded the amount you could have reasonably been expected to make, taking into account your previous spending patterns and the circumstances of the case;
- b. your consent to the making of the Recurring Payment was not given as set out in section 3.1(c);
- c. the information relating to the Recurring Payment was not provided or made available to you for at least 4 weeks before the date the payment transaction was made to the merchant;
- d. you notify us of the request within 8 weeks from the date the payment was made; and
- e. you comply with our requests to obtain information which we reasonably require to review the circumstances of the case."

### 4. Non discouragement

Section 4.5 (No Surcharges) is being amended to highlight that, if you charge a buyer any form of surcharge, PayPal has no liability to the buyer where you have failed to inform the buyer of the surcharge. Section 4.5 will now read as follows:

**"4.5 Non discouragement.** In representations to your customers or in public communications, you agree not to mischaracterise or disparage PayPal as a payment method. You agree that you will only surcharge for the use of PayPal in compliance with any law applicable to you. You further agree that if you do charge a buyer any form of surcharge that you, and not PayPal, will inform the buyer of the requested charge. PayPal has no liability to any buyer where you have failed to inform the buyer of any surcharge. You acknowledge that if you are permitted to surcharge and your further fail to disclose any form of surcharge to a buyer this may constitute a criminal offence by you."

### 5. Receiving Money in Multiple Currencies.

Section 4.6 is being amended to highlight that, where you (and not PayPal) offer a currency conversion at the point of sale, PayPal has no liability to any buyer if you fail to inform the buyer of the exchange rate and charges. Section 4.6 will now read as follows:

**"4.6 Receiving Money in Multiple Currencies.** You do not need to maintain a Balance in a particular currency to accept payments sent in that currency. If you already maintain a Balance in the currency in which you receive a payment, we will credit all payments received in that currency to your Balance. If you receive a payment in a currency for which you do not have a Balance, the payment will remain pending and we will ask you to manually accept or deny the payment unless you have a Premier or Business Account and have already established a preference in your Profile to automatically accept payments in that currency. Where you (not PayPal) offer a currency conversion at the point of sale, you will inform the buyer of the exchange rate and any charges that will be applied to the payment transaction. PayPal has no liability to any buyer if you fail to inform the buyer of the exchange rate and charges. You acknowledge that if you fail to disclose the exchange rate and charges to the buyer this may constitute a criminal offence by you."

## 6. Balances and transaction information

Section 5.1 is being amended to highlight that PayPal may charge a Fee for providing you with additional information or for providing the transaction history and other information about Fees in a way otherwise than as described in Section 5.1. Section 5.1 will now read as follows:

**“5.1 Balances and transaction information.** You may check your Balance by logging into your Account. Key information relating to your payments will be provided to you via e-mail and your transaction history will also be updated and made available to you at any time by logging into your Account. You will also be able to access a downloadable report via the “History” section of your Account. The “History” section will also show all Fees incurred and any other amounts charged to your Account in the relevant period. The “History” will only be updated and made available if there has been any activity on your Account or any Fees have been incurred in the relevant period. PayPal reserves the right to charge a Fee for providing you with additional information or for providing the transaction history and other information about Fees in a different way. The way in which we provide the transaction information will allow you to store and reproduce the information unchanged, for example by printing a copy. PayPal will ensure that the details of each transaction will be made available for you to view online for at least 13 months from when it is first made available. You do not need to maintain a Balance in your Account in order to make payments. A Balance will be created whenever you use the Service to make either a Bank Funded Payment or a Card Funded Payment. If you hold a Balance you will not receive interest or any other earnings on this Balance because the Balance represents E-Money and not a deposit.”

## 7. Withdrawal/Redemption Limits

Section 6.2 is being amended to clarify the actions we may take where a “Redemption Risk” is identified by us. Section 6.2 will now read as follows:

**“6.2 Withdrawal/Redemption Limits.** There is a limit on the minimum value of E-money that you are able to redeem which is at least 10 Euros. You agree to comply with our requests to verify your identity before we redeem E-money to you to allow us to reduce the risk of fraud or to otherwise comply with our anti-money laundering or other legal obligations. The withdrawal limit on your Account is 750 Euros per month (reset each month following the date you first opened your Account) or if this limit is not reached, 1 000 Euros per calendar year starting from the date that payment activity first took place on your Account. You can view your withdrawal limit (including, those applicable to withdrawal to your branded Mastercard or Visa card (as applicable), if any, by logging into your Account and clicking on the “View Limits” link on the “Account Overview.” Redemption transactions from your Payment Account will be executed within the timeframes set out in section 3.1, however, we may review your withdrawal transaction to mitigate any risks and/or to prevent money laundering and to ascertain whether any Restricted Activity (as set out in section 9) is taking place (“Redemption Risk”). Where a Redemption Risk is identified by us, we reserve the right to restrict your Payment Instrument and/or refuse your Payment Order. When you instruct us to perform a redemption, we may treat this as a future dated Payment Order which we will execute within the timeframes set out in section 3.1 once we determine the Redemption Risk has passed. If we release the restriction and/or proceed to process your withdrawal, you agree that the date of your Payment Order will start on the Business Day the restriction was lifted.”

## 8. Fees

Section 8 is being amended to update the following fees:

### a. Currency Conversion Fee

The description of the Currency Conversion Fee is being amended to clarify the fact that the exchange rate is adjusted regularly and may be applied immediately and without notice to you. The relevant description now reads as follows:

Activity	Fee
Currency Conversion Fee	2.5% above the wholesale exchange rate
If your transaction involves a currency conversion, it will be completed at a foreign exchange rate determined by a financial institution, which is adjusted regularly based on market conditions. The exchange rate is adjusted regularly and may be applied immediately and without notice to you. This exchange rate includes a 2.5% processing fee above the wholesale exchange rate at which PayPal obtains foreign currency, and the processing fee is retained by PayPal.	The “Currency Converter” tool can be accessed through your Account and used to see what exchange rates apply at any given time.

### b. Records Request Fee

The description of the Records Request Fee is being amended to clarify the fact that the Fee will apply for requests of information relating to why we had reasonable justification to refuse your Payment Order. The relevant description now reads as follows:

Activity	Fee
Records Request Fee	€12 EUR (per item)
	This Fee will apply for requests of information relating to why we had reasonable justification to refuse your Payment Order. We will not charge you for records requested in connection with your good-faith assertion of an error in your Account.

## 9. Restricted Activities

A new Section 9.1p is being added to make it a Restricted Activity to undertake an activity that does or

may present to us a sudden, significant or otherwise unacceptable level of exposure. Old Section 9.1p will now be Section 9.1q and subsequent subclauses in Section 9.1 will be re-numbered/re-lettered in the same way. Section 9.1 (taken with section 9.1p) will read as follows:

**“9.1 Restricted Activities.** In connection with your use of our website, your Account, or the Services, or in the course of your interactions with PayPal, a User or a third party, you will not:...

...p. Undertake activity that does or may present to us a sudden, significant or otherwise unacceptable level of exposure (as PayPal reasonably believes based on the information available to it);...”

#### 10. Keeping your Payment Instrument Safe

A new Section 9.2 is being added to outline the obligations you agree to perform in order to keep your Payment Instrument safe. Section 9.2 will read as follows:

**“9.2 Keeping your Payment Instrument Safe.** You agree to perform the following actions to keep your Payment Instrument safe:

- a. Not engage in any of the Restricted Activities;
- b. Keep the details of your Funding Sources and password safe;
- c. Not allow anyone else to have or use your Funding Sources or password details;
- d. Not disclose the details of your Funding Sources or password except when using the Service;
- e. Never write your password in a way that can be understood by someone else;
- f. Not choose a password that is made more memorable to you such as a sequence of letters or numbers that may be easy to guess;
- g. Take care to make sure that no one sees your password when you use it; and
- h. Comply with all reasonable instructions we may issue regarding how you can keep your Payment Instrument safe.”

#### 11. Actions by PayPal

Section 10.2 is being amended to further clarify the actions that PayPal may take if it has reason to believe that you have engaged in any Restricted Activities. Current Section 10.2 (a) will be deleted and 10.2(a), (b) and (c) will now be read as follows:

**“10.2 Actions by PayPal.** If we have reason to believe that you have engaged in any Restricted Activities, we may take various actions to protect PayPal, a User, a third party, or you from Reversals, Chargebacks, Claims, fees, fines, penalties and any other liability. The actions we may take include but are not limited to the following:

- a. We may, at any time and without liability, suspend, block, limit, close or cancel your right to use your Payment Instrument or Account entirely or for any particular transaction, which may in turn suspend, block, limit, close or cancel access to your Account or the Services (such as limiting access to any of your Funding Sources, and your ability to send money, make withdrawals, or remove financial information). We will normally give you advance notice of any suspension or cancellation but we may, if it is reasonable to do so (for example if you are in breach of this Agreement or we consider it advisable for security reasons), suspend or cancel your right to use your Payment Instrument or Account without prior notice to you;
- b. Block your Account and/or hold any funds in the Reserve Account;
- c. Refuse any particular payment transaction at any time for any reason and will only be required to make available the fact of the refusal and the reasons for the refusal and how you may resolve the problem, where possible, upon request and provided it is not prohibited by law.”

Section 10.2 will now also contain the following:

“Unless otherwise directed by us, you must not use or attempt to use your Payment Instrument or Account while it is suspended or has been closed. You must ensure that all agreements with merchants or other third parties that involve third party initiated payments (including, Recurring Payments) set up from your Account are cancelled immediately upon the termination, suspension or closure of your Account. You remain liable under this Agreement in respect of all charges and other amounts incurred through the use of your Account at any time, irrespective of termination, suspension or closure.”

#### 12. Payment Hold

A new Section 10.5 is being added to highlight the actions that PayPal may take if you receive a payment that involves Transaction Risk. Old Section 10.5 will now be Section 10.6 and subsequent subclauses in Section 10 will be re-numbered/re-lettered in the same way. Section 10.5 will now read as follows:

##### **“10.5 Payment Hold**

(a) You agree that if either:

- i. you receive a payment that involves Transaction Risk; or
- ii. there may be a higher than acceptable level of risk or exposure associated with your Account (based on the information available to PayPal at the relevant time and what in its sole discretion it regards as an acceptable level of risk or exposure to PayPal under all the circumstances),

PayPal may in its sole discretion (acting reasonably) place a hold on that or any payment. If PayPal places a hold on funds in your Account, we will notify you how long the hold may last, the funds will be held in your Reserve Account and those funds will be shown as “pending” in your PayPal Balance.

(b) PayPal will release the hold made on your payment under this provision when PayPal determines that the Transaction Risk; or risk or exposure associated with your Account, no longer exists. For example, for a hold made on a payment for an item purchased on eBay, PayPal may release the hold

when the buyer leaves positive feedback. Please note that, notwithstanding the above, if you receive a Dispute, Claim, Chargeback, or Reversal on the transaction payment subject to the hold, the funds (or an amount equal to the relevant payment) may be held in your Reserve Account until the matter is resolved pursuant to this Agreement.

(c) You agree to provide to PayPal any information as PayPal may reasonably request to allow PayPal to determine whether the Transaction Risk or risk or exposure to your Account has passed. You may close your Account if you object to the hold under this provision. If your Account is closed for any reason, PayPal has the right to hold a payment under this provision for a period of up to 180 days from the date the complete obligations under the contract for sale (to which the payment in question relates) have been discharged."

### 13. Identifying Errors and/or Unauthorised Transactions

Section 12.1 is being amended to further clarify that you will also be held liable for unauthorised use of your Account if we have evidence that you acted fraudulently or that you have (with intent or gross negligence) failed to comply with your obligations to use your Payment Instrument in the manner set out in the User Agreement. Section 12.1 will now read as follows:

**"12.1 Identifying Errors and/or Unauthorised Transactions.** You can inspect your transaction history at any time by logging in to your Account on the PayPal website and clicking the "History" tab. It is very important that you immediately notify PayPal if you have reason to believe any of the following activities have occurred: (i) there has been an unauthorised transaction sent from your Account; (ii) there has been an unauthorised access to your Account; (iii) your password has been compromised; or (iv) someone has transferred or may transfer money from your Account without your permission (collectively called **"Improper Account Access"**). You must also immediately notify us if you have reason to believe that any other error has occurred on your Account. **In order for you to notify PayPal immediately of any of the above events, you commit to monitor your E-money account closely on a regular basis.** We will not seek to hold you liable for any unauthorised use of your Account by any person provided that we are satisfied that you have not acted deliberately so as to enable any third person to gain access to your PayPal ID and/or password. We will hold you liable for unauthorised use of your Account if we have evidence that you acted deliberately so as to enable any third person to gain access to your PayPal ID and/or password; you acted fraudulently or if you have with intent or gross negligence failed to comply with your obligations to use your Payment Instrument in the manner set out in this Agreement."

### 14. Notifying PayPal of Errors, Unauthorised Transactions and/or misappropriated or unauthorised use of your Payment Instrument.

Section 12.2 is being amended to outline the information that you must give to us and the steps you must take to assist PayPal in its investigation, if you believe there has been or will be an error, unauthorised transaction, misappropriated or unauthorised use of your Payment Instrument or your Account. Section 12.2 will now read as follows:

**"12.2 Notifying PayPal of Errors, Unauthorised Transactions and/or misappropriated or unauthorised use of your Payment Instrument.** You must notify us if you believe there has been or will be an error, unauthorised transaction, misappropriated or unauthorised use of your Payment Instrument or your Account, telephone PayPal Customer Service at the telephone number shown on the PayPal WebSite(s) or, contact us using or write to PayPal, Attn: Error Resolution Department 22-24 Boulevard Royal L-2449, Luxembourg. If you initially provide information to us via the telephone, we may require that you send your complaint or question in writing within 10 Business Days after the phone contact. Please complete the affidavit form and submit it online or mail it to PayPal, Attn: Error Resolution Department, 22-24 Boulevard Royal L-2449, Luxembourg. You must give us all the information in your possession as to the circumstances of any errors, unauthorised transactions and/or misappropriated or unauthorised use of your Payment Instrument or Account and take all reasonable steps requested to assist PayPal in its investigation. We may provide third parties with information we consider relevant in such circumstances in accordance with our Privacy Policy."

### 15. Liability for Unauthorised Transactions.

Section 12.4 is being amended to clarify that you have inform us (as outlined in that section) no later than 13 months after the first Improper Account Access transaction was executed in order to be reimbursed for an unauthorised transaction sent from your Account. Section 12.4 will now read as follows:

**"12.4 Liability for Unauthorised Transactions.** If you report and we verify that there has been an Improper Account Access related to your Account and there is no evidence to suggest fraud or deliberate or grossly negligent behaviour by you, we will reimburse you in full for all unauthorised transactions sent from your Account provided that you have informed us of the Improper Account Access without undue delay and in any event, no later than 13 months after the first Improper Account Access transaction was executed. Where we believe in our reasonable opinion that further investigation is required to ascertain more clearly the circumstances surrounding the reported Improper Account Access, we will follow the same process as set out in section 12.3 above for such investigation. "

### 16. Entitlement to a refund

A new Section 12.5 is being added to clarify the conditions that need to be met for you to become entitled to a refund of the full amount of any payment transaction authorised by you and initiated by or through a merchant. Old Section 12.5 will now be Section 12.6 and subsequent subclauses in Section 12 will be renumbered in the same way. Section 12.5 will read as follows:

**"12.5 Entitlement to a refund.** You are entitled to a refund of the full amount of any payment transaction authorised by you and initiated by or through a merchant, provided the following conditions have been met: (i) the authorisation given to the merchant did not specify the exact amount of the transaction at the time the authorisation was given; (ii) the amount of the transaction exceeded the amount that you could reasonably have expected, taking into account your previous spending patterns and this Agreement; and (iii) you make the request for a refund within 8 weeks from the transaction date. We reserve the right to request further information as is reasonably necessary to ascertain whether these conditions have been satisfied and to waive any or all of these conditions."

### 17. Errors

Old Section 12.5 has now become Section 12.6. Section 12.6 is being amended, amongst other things, to highlight that PayPal will not be held liable for the non-execution or defective execution of a payment transaction (whether initiated by yourself or another PayPal customer) if you have failed to notify PayPal of such an incorrectly executed payment transaction without undue delay, or in any event no later than within 13 months after the debit date, on becoming aware of such incorrectly executed payment transaction. Section 12.6 will now read as follows:

**“12.6 Errors.** If we discover a processing error, we will rectify the error. If the error resulted in your receiving less money than you were entitled to, PayPal will credit your Account for the difference. If the error results in you receiving more money than you were entitled to, PayPal may debit the extra funds from your PayPal Account. If a payment was made to your Funding Source by way of mistake, PayPal may correct the mistake by debiting or crediting (as the case may be) your appropriate Funding Source(s). If the error resulted in our not completing a transaction on time or in the correct amount, we will be liable to refund any amount as a result of carrying out a defective or non-executed payment transaction and for your losses or damages directly and reasonably foreseeably caused by this failure, unless:

- a. through no fault of ours, you did not have enough available funds to complete the transaction,
- b. our system was not working properly and you knew about the breakdown when you started the transaction, or
- c. circumstances beyond our control (such as fire or flood or loss of Internet connection) prevented the transaction, despite our reasonable precautions.

Notwithstanding any other term of this Agreement, PayPal will not be held liable for the non-execution or defective execution of a payment transaction (whether initiated by yourself or another PayPal customer) if you have failed to notify PayPal of such an incorrectly executed payment transaction without undue delay, or in any event no later than within 13 months after the debit date, on becoming aware of such incorrectly executed payment transaction.”

## 18. Corporate customers

A new Section 14.10 is being added to clarify the definition of a “Corporate Customer” and, if you are a Corporate Customer, to outline special terms that apply to you as a Corporate Customer. Section 14.10 will read as follows:

**“14.10 Corporate customers.** If you are not a consumer (being an individual acting for purposes other than a trade, business or profession), Micro-Enterprise or a charity with an annual income of less than £1 million, we consider you to be a **“Corporate Customer”** and certain provisions of the Payment Services Directive may be disapplied for your use of the Service. In such cases you warrant and represent to PayPal that at the time you entered into this Agreement or any other relevant service terms, you are a Corporate Customer and hereby agree that the following sections of this Agreement will be varied as follows:

- a. you are not entitled to the right to a refund for Recurring Payments and payment transactions initiated by a payee (i.e. a merchant) as set out in sections 3.10 and 12.5;
- b. where you identify an error, unauthorised transaction and/or misappropriated or unauthorised use of your Payment Instrument or Account in accordance with sections 12.1 and 12.2 you have up to 60 days from the date of the alleged error or Improper Account Access to notify us of it, after which time we have no obligation to investigate or act upon your notification;
- c. we will only accept liability for unauthorised transactions in accordance with section 12.4 where you have notified us of the Improper Account Access or error within 60 days of it; and
- d. you will only be entitled to lodge a claim through the UK Financial Ombudsman Service under section 14.2 where you fulfil the UK Financial Ombudsman Service's claimant criteria from time to time.

As a Corporate Customer, you further agree that while we may do so, we are not obliged to comply nor provide you with the information requirements set out in Part 5 of the Payment Services Regulations 2009. Further, you agree that regulations 60, 75, 76 and 77 of the Payment Services Regulations 2009 do not apply to your use of the PayPal Service.”

The term “Reversed” shall be construed accordingly.”

f. **“Transaction Risk”**

You may do so by logging in to your Account, selecting “Profile”, selecting “Recurring Payments” or “Pay List”, and then by selecting the links to set a Preferred Funding Source (may be called “Backup Funding Source”).
- c. Limitations. If you have a Balance in your PayPal Account, PayPal will use your Balance instead of your Preferred Funding Source. If you have a Balance and do not want to use it to fund your next payment, you must withdraw your Balance before initiating your next payment.
- d. Quick Pay. If you select “Quick Pay” for your PayPal Mobile payments, you will not be able to select a Preferred Funding Source for your future PayPal Mobile payments made with Quick Pay. You may cancel your “Quick Pay” setting at any time from your mobile phone.

## 4. Third Party Initiated Payments (including Recurring Payments)

Section 3.9 is being amended to clarify how third party initiated payments (including Recurring Payments) work. Section 3.9 will now read as follows:

**“3.9 Third party initiated payments (including Recurring Payments).** A third party initiated payment is a payment in which you provide an advance Authorisation to a third party (for example, a merchant or eBay) to collect funds from your PayPal Account. One example of this type of payment is a “Recurring Payment” which is a third party initiated payment that can be managed via your PayPal Account. By providing an advance Authorisation, you are giving the third party the ability to collect or reverse variable amount payments from your Account on a one-time, sporadic, or recurring basis until you cancel your agreement or authorisation with the applicable third party. **You hereby authorise and instruct PayPal to pay the third party (or another person they direct) amounts from your PayPal Account for amounts you owe as presented to us by the third party.** You agree that PayPal is not obligated to verify or confirm the amount the third party presents to us for the purpose of processing this type of payment. You further acknowledge and agree that payments made under this provision are variable and may be made on various dates. Third parties who present us with a payment request under this provision, warrant to PayPal that the amounts they present have been agreed and consented to by the User whose Account will be deducted (including changes to those amounts). For Recurring Payments, you will have the option of selecting a Preferred Funding Source. If you do not select a Preferred Funding Source then the Default Funding Sources will apply. Recurring Payments are sometimes called “subscriptions”, “preapproved payments” or “automatic payments.”

## 5. Your Liability

Section 10.1 is being amended to clarify (i) the scope of your liability for PayPal Buyer Protection and Buyer Complaint Policy claims and (ii) actions we may take when collecting from you any amounts for which you are liable. Section 10.1 will now read as follows:

**“10.1 Your Liability.** You are responsible for all Reversals, Chargebacks, Claims, fees, fines, penalties and other liability incurred by PayPal, a PayPal User, or a third party caused by your use of the Services and/or arising out of your breach of this Agreement. You agree to reimburse PayPal, a User, or a third party for any and all such liability.

**Liability for PayPal Buyer Protection Claims, and Buyer Complaint Policy Claims.** If PayPal makes a final decision that you lose a Claim filed directly with PayPal, you will be required to reimburse PayPal for your liability. Your liability will include the full purchase price of the item and original shipping cost (and in some cases, you may not receive the item back). PayPal Seller Protection may cover your liability, see section 11 below.

**Reimbursement for Your Liability.** In the event that you are liable for any amounts owed to PayPal, PayPal may immediately remove such amounts from your Balance if available. Under PayPal Buyer Protection and under PayPal Buyer Complaint Policy (but in the latter case, only if the buyer is from the US, the UK or Canada), and if you do not have a Balance that is sufficient to cover your liability, your Account will have a negative Balance and you will be required to immediately add funds to your Balance to eliminate the negative Balance. If you do not do so, PayPal may engage in collection efforts to recover such amounts from you.”

Also the definition of “Claim” will now read:

**“Claim”** means a challenge to a payment that a sender of a payment files directly with “PayPal, including, without limitation, challenges filed under the PayPal protections for buyers (PayPal Buyer Protection or Buyer Complaint Policy) set out in section 13.”

## 6. Limiting access to your Account

If we close your Account, we will provide you with notice of Account closure and where practicable, the reasons for closing your Account, together with the ability to withdraw any undisputed funds that we are holding. If we suspect that your Account has been accessed without your authorisation, we may also suspend, or limit, your access to your Account or the Services (such as limiting access to any of your Funding Sources, and your ability to send money, make withdrawals, or remove financial information). If we otherwise limit access to your Account, we will provide you with notice and opportunity to request restoration of access if appropriate.”

#### C. We modified clause 10.4. Reserves as follows:

"PayPal, in its sole discretion, may place a Reserve on funds held in your Account when PayPal reasonably believes (based on the information available to PayPal at the time of taking the Reserve and what in its sole discretion it regards as an acceptable level of risk to PayPal under all the circumstances) there may be a higher than acceptable level of risk associated with your Account. If PayPal places a Reserve on funds in your Account, it will be shown as "pending" in your PayPal Balance. If your Account is subject to a Reserve, PayPal will provide you with a notice specifying the terms of the Reserve. The terms may require that a certain percentage of the amounts received into your Account are held for a certain period of time, or that a certain amount of money is held in reserve, or anything else that PayPal determines is necessary to protect against the risk associated with your Account. PayPal may change the terms of the Reserve at any time by providing you with notice of the new terms. You may close your Account if you object to the Reserve. If your Account is closed for any reason, we have the right to hold the Reserve for up to 180 Days. When managing risk for Accounts, we may also limit the amount you can immediately withdraw or change the speed or the method of payment for withdrawals, set-off amounts from your Balance and/or require that you, or a person associated with you, enter into other forms of security arrangements with us (for example, by providing a guarantee or requiring you to deposit funds with us as security for your obligations to us or third parties). You also agree to undertake, at your own expense, any further action (including, without limitation, executing any necessary documents and registering any form of document reasonably required by us to allow us to perfect any form of security interest or otherwise) required to establish a Reserve or other form of security in a manner reasonably determined by us."

#### D. We added the following new clauses:

##### "10.5 eBay Item Hold.

a. PayPal, in its sole discretion, may place a hold on a payment you receive for an eBay transaction when PayPal believes there may be a high level of risk associated with the transaction. If PayPal places a hold on

your payment, it will show as "pending" in your PayPal Account.

b. Release of eBay item hold. PayPal will release the eBay item hold after 21 days unless you receive a Dispute, Claim, Chargeback, or Reversal on the transaction subject to the hold. PayPal may release the hold earlier if the buyer leaves positive feedback on eBay.

c. Additional hold period. If you receive a Dispute, Claim, Chargeback, or Reversal on the transaction subject to the eBay item hold, PayPal may hold the payment in your Account (or an amount equal to the relevant payment) until the matter is resolved pursuant to this Agreement.

## 10.6 Information about you

You agree to provide us, upon our reasonable request and at your own expense, information about your finance and operations, including, without limitation, your most recent financial statements (certified or otherwise) and merchant processing statements (if applicable)."

**E. PayPal is pleased to announce that it will be implementing a new seller protection policy that will allow eBay sellers to be re-imbursed for Chargebacks and Reversals issued for the reason of an Unauthorised Payment and for Chargebacks or Claims issued for the reason of "Item Not Received". The new seller protection policy terms below will apply to Claims, Reversals and Chargebacks filed beginning 3 June 2009:**

## 11. Seller Protection Programme

### 11.1 What is PayPal seller protection?

We will re-imburse you an amount for Claims, Chargebacks, or Reversals made against you based on the following reasons:

- a. A Chargeback or Reversal was issued against you for the reason of an "Unauthorised Payment"; or
- b. A Chargeback or Claim was issued against you for the reason of "Item Not Received".

**11.2 PayPal seller protection is available to** eBay sellers with registered PayPal Accounts in France and who also receive PayPal payments from buyers who make eligible purchases via eBay worldwide.

PayPal seller protection does not apply to Claims, Chargebacks and/or Reversals for the reason that the purchase was Significantly Not as Described (SNAD) nor for items that you deliver or are picked up in person.

### 11.3 How much protection is provided by PayPal seller protection?

PayPal will pay you the full amount of an eligible payment the subject of the Claim, Chargeback, or Reversal and waive the Chargeback Fee, if applicable. There is no limit on the number of payments for which you can receive re-imbursement under PayPal Seller Protection.

### 11.4 What happens when a buyer files a Claim, Chargeback, or Reversal?

PayPal will place a temporary hold on the funds in your Account to cover the full amount of the Claim, Chargeback, or Reversal. In placing such a hold, we will not restrict your use of the Account with regard to funds other than those disputed or at risk under the Claim, Chargeback or Reversal, unless we have another reason for doing so. If the payment is eligible for a payment under the terms of PayPal seller protection, we will release the hold and restore your access to the applicable funds.

**11.5** If the payment is not covered by seller protection, PayPal will remove the funds from your Account and return the payment to the buyer. In addition, you will be responsible for PayPal's Chargeback Fee, if applicable.

## 11.6 Eligibility Requirements

### What are the eligibility requirements for PayPal seller protection?

You must meet all of these requirements to be covered:

- a. The item must be purchased via eBay
- b. The item purchased must be a physical, tangible good that can be posted.
- c. The transaction must be marked by PayPal as eligible or partially eligible for seller protection on your Account "Transaction Details" page.

**F. PayPal is pleased to announce that it will be expanding the terms of its Buyer Protection Programme to remove the caps on the amounts for re-imbursement for eligible purchases made on [www.ebay.fr](http://www.ebay.fr). The new terms below will apply to Claims filed beginning 3 June 2009.**

### 13. Disputes between Buyers and Sellers - Buyer Protection Programmes

#### 13.1 How am I protected if I have a problem with a purchase?

PayPal has 2 programmes to help protect you:

- PayPal Buyer Protection (for eligible items purchased via your PayPal Account and made on eBay; and
- PayPal Buyer Complaint Policy (for all items purchased using PayPal off eBay). (together, referred to as "PayPal's protection for buyers"). (together, referred to as "PayPal's protection for buyers").

Please note that PayPal's protection for buyers only applies if you use your PayPal Account to make a purchase.

#### 13.2 What types of problems are covered?

PayPal's programs help you with either of these problems:

- You did not receive the item you paid with PayPal – "Item Not Received" ("INR").
- You received an item you paid with PayPal but it is "Significantly Not as Described" ("SNAD").

PayPal Buyer Complaint Policy only helps you with INR problems.

If your problem is a transaction that you did not authorise, please report the unauthorised transaction through the PayPal Security Centre at <https://www.paypal.fr/securite> or following the link "Security Center" at the bottom of the home page of the PayPal Website.

#### 13.3 What is Significantly Not as Described (SNAD)?

- a. An item is Significantly Not as Described if it is materially different from what the seller described in the item listing. Here are some non exhaustive examples:
  - You received a completely different item. For instance, you purchased a book and received a DVD or an empty box.
  - The condition of the item was misrepresented. For instance, the listing said "new" and the item was used.
  - The item was advertised as authentic but is not authentic.
  - The item is missing major parts or features that were not disclosed in the listing.
  - You purchased 3 items from a seller but received only 2.
  - The item was damaged during postage.
- b. An item is not Significantly Not as Described (SNAD) if it is materially similar to the seller's description. Here are some non exhaustive examples:
  - The defect in the item was correctly described by the seller.
  - The item was correctly described but you didn't want it after you received it.
  - The item was correctly described but did not meet your expectations.
  - The item has minor scratches and was listed as used condition.

### 13.4 What items are not covered by PayPal's Protection for buyers

PayPal's protection for buyers only applies to payments for certain tangible, physical goods. Payments for: intangibles, services, real estate, businesses, vehicles (including, without limitation, motor vehicles, motorcycles, caravans, aircraft and boats), custom made items, airline flight tickets, eBay classified advertisements, items prohibited under our Acceptable Use Policy or licenses and other access to digital content (collectively, "Ineligible Items") are not eligible under PayPal's protections for buyers. Please also note that "Significantly Not as Described" Claims which are associated with a purchase of an item outside of eBay are **not** eligible for re-imbursement under any of PayPal's protection for buyers. Please also note that Personal Payments are **not** eligible for re-imbursement under any of PayPal's protection for buyers.

### PayPal Buyer Protection

### 13.5 What are the eligibility requirements for PayPal Buyer Protection?

You must meet all of these requirements to be eligible for a payment under PayPal Buyer Protection:

- a. Use PayPal to purchase an eligible item on eBay.
- b. Pay the full amount of the eligible item in one payment. Items purchased with multiple payments – like a deposit followed by a final payment – are not eligible.
- c. Send the payment to the seller through:
  - The eBay "Pay Now" button or the eBay invoice, or
  - The "Send Money" button of your PayPal account by selecting "eBay Item" and entering your eBay User ID and the eBay item number.
- d. Open a Dispute within 45 days of the date you sent the payment and follow the online dispute resolution process described below under "Dispute Resolution."
- e. Keep your PayPal account in good standing.

### 13.6 How do I know if I'm purchasing an eligible item on eBay?

- a. Look for the buyer protection message in the eBay listing. If you see this message and you meet the eligibility requirements, your item is eligible for PayPal Buyer Protection. You can view this message in the listing after you complete your purchase by logging in to your eBay account, going to "my eBay," then "won," and looking at the listing. If the listing does not include the buyer protection message, then it is not eligible for PayPal Buyer Protection.
- b. Not all eBay websites offer PayPal Buyer Protection. If you purchase an item on an eBay site other than eBay.fr, your eligibility to receive a payment and the terms applicable to you, will be dependent upon the terms of the protection programme set out on the eBay site where you placed your winning bid or where you purchased through the 'buy it now' feature. Some eBay sites do not provide PayPal Buyer Protection and may offer a different form of protection (e.g. eBay Standard Purchase Protection Program). As a seller, you agree that you will be liable for a successful Claim made by a buyer under the buyer protection terms applicable to the eBay site where you list your items.

### 13.7 How much coverage do I get with PayPal Buyer Protection?

If you see the eBay.fr buyer protection message and PayPal also determines a Claim in your favour, PayPal will reimburse you the full purchase price of the item and original shipping costs only. For eBay listings in countries outside of France, PayPal will re-imburse you for the full purchase price of the item and the original shipping costs, up to the covered cap specified in the applicable buyer protection message (provided that you are eligible for payment). The amount of coverage varies based on the currency and the country of the eBay website where the purchase was made. PayPal will not reimburse you for the shipping costs you incur to return a SNAD item to the seller or another party PayPal specifies. If the seller presents evidence that they delivered the goods to your address, PayPal may find in favour of the seller even if you did not receive the goods. See clause 13.15 for other protection you may be entitled to. Alternatively, if you are a French customer, you may wish to contact the Direction Générale de la Concurrence, de la Consommation et de la Répression des Fraudes (<http://www.dgcrf.bercy.gouv.fr/>) for advice on your consumer rights.

### 13.8 Dispute Resolution

If you are unable to resolve a problem directly with the seller, go to the Resolution Centre and follow this process:

a. **Open a Dispute**

Open a Dispute within **45 days** of the date you made the payment for the item you would like to dispute.

b. **Escalate the Dispute to a Claim**

If you and the seller are unable to come to an agreement, escalate the Dispute to a Claim **within 20 days** of opening the Dispute. **It is your responsibility to keep track of these deadlines.**

You must wait at least 7 days from the date of payment to escalate a Dispute for an Item Not Received (INR), unless the Dispute is for \$USD2,500 or more (or currency equivalent). If you do not escalate the Dispute to a Claim within 20 days, PayPal will close the Dispute and you will not be eligible for a payment under the terms of PayPal's protection for buyers.. You are permitted to edit or change a Claim after filing only if you wish to add further information or if you wish to change the reason of your Dispute/Claim from "item not received" to Significantly Not as Described (but only if it relates to a single payment). Otherwise you may not edit or change a Claim after filing it

c. **Respond to PayPal requests for information in a timely manner**

During the Claim process, PayPal may require you to provide documentation to support your position. You may be asked to provide receipts, third party evaluations, police reports, or anything else that PayPal specifies.

d. **Comply with PayPal shipping requests in a timely manner**

For Significantly Not as Described (SNAD) Claims, PayPal may require you to post the item back to the seller – or to PayPal - or a third party at your expense and to provide proof of delivery. Please take reasonable precautions in re-packing the item to reduce the risk of damage to the item during transit. PayPal may also require you to destroy the item and to provide evidence of its destruction.

For transactions that total less than €200,00 EUR (or the amount in the currencies set out below), proof of delivery is confirmation that can be viewed online and includes: the delivery address, delivery date, and the URL of the postal company's website if you selected "Other" in the drop-down menu. For transactions that total €200,00 EUR (or the amount set out in the currencies set out below) or more, you must get signature or another acceptable confirmation from the buyer of delivery. The amounts in other currencies applicable to this requirement are: \$325,00 CAD, \$250,00 USD, ¥28 000 JPY, \$350,00 AUD, 330,00 CHF, 1 600,00 NOK, 2 000,00 SEK, 1 500,00 DKK, 800,00 PLN, 55 000 HUF, 6 000,00 CZK, \$400,00 SGD, \$2 000,00 HKD, \$380,00 NZD, 2,750.00 MXN, 1 000,00 ILS,

### 13.9 How is the Claim resolved?

Once a Dispute has been escalated to a Claim, PayPal will make a final decision in favour of the buyer or the seller. You may be asked to provide receipts, third party evaluations, police reports, or any other information or documents reasonably required by PayPal to investigate the Claim. PayPal retains full discretion to make a final decision in favour of the buyer or the seller based on any criteria PayPal deems appropriate. In the event that PayPal makes a final decision in favour of the buyer or seller, each party must comply with PayPal's decision. PayPal may require the buyer to post an item that the buyer claims is Significantly Not as Described back to the seller (at the buyer's expense), and PayPal may require a seller to accept the item back and refund the buyer the full purchase price plus original shipping costs. If a seller refuses to accept the item, PayPal may award the Claim in favour of the buyer, provided the buyer has provided satisfactory evidence to PayPal that the item was sent to the seller. In the event a seller loses a Claim, the seller will not receive a refund on his or her PayPal or eBay fees associated with the transaction. If you lose a Significantly Not as Described Claim because the item you sold is counterfeit, you will be required to provide a full refund to the buyer and you will not receive the item back (it may be destroyed).

### PayPal Buyer Complaint Policy

#### 13.10 What is the PayPal Buyer Complaint Policy?

The PayPal Buyer Complaint Policy is a process to help you resolve a problem directly with the seller through the PayPal Resolution Centre for purchases that are made off eBay. It enables buyers to file a Dispute for an Item Not Received (INR) only. By filing a Dispute, you can communicate with the seller and attempt to resolve the problem. If you are unable to resolve the problem, you may escalate an Item Not Received (INR) Dispute to a Claim.

**Even though you may escalate an Item Not Received Dispute to a Claim, you are not guaranteed a recovery. If the Claim is decided in your favour, your recovery is limited to the amounts that PayPal can recover from the seller's Account.**

#### 13.11 What is the process for the Buyer Complaint Policy

Similar to PayPal Buyer Protection, you must file a Dispute in the PayPal Resolution Centre within 45 days of the date you sent the payment. Once you have done so, you should attempt to resolve the Dispute directly with the seller.

#### 13.12 What happens if I am unable to resolve the Dispute directly with the seller?

You may escalate the Dispute to a Claim within 20 days of the date you filed the Dispute. PayPal will make a final decision for some – but not all – Claims.

#### 13.13 What if PayPal makes a final decision in my favour?

If PayPal makes a final decision in your favour, we will collect any available funds in the seller's PayPal balance at that time. **However, recovery is not guaranteed and is limited only to the amounts that PayPal can recover from the seller's Account.** Any amounts collected from the seller will be placed in your Account.

### Assumption of rights

**13.14** If PayPal pays out a Claim, Reversal or Chargeback that you file against a recipient of your payment, you agree to transfer and allow PayPal to have your rights, benefits and remedies against the recipient of your payment. This is known in legal terms for you to agree to "subrogate" or otherwise "assign" to PayPal

your rights against the recipient and third parties related to the payment, and agree that we may pursue those rights, benefits and remedies directly or on your behalf, in PayPal's discretion.

#### Relationship between PayPal's protection programs and chargebacks

**13.15** Credit card chargeback rights, if they apply, may be broader than PayPal protection programs. Chargeback rights are not limited to specific amounts per transaction, may be filed more than 45 days after the payment, and may cover intangible items.

You may pursue a Claim or Dispute with PayPal, or you may contact your credit card company or credit card issuer and pursue your chargeback rights. You may not pursue both at the same time or seek a double recovery. If you have an open Claim or Dispute with PayPal; and subsequently file a chargeback with your credit card company, PayPal will close your Dispute or Claim, and you will have to rely solely on your chargeback rights.

If PayPal does not make a final decision on your Claim until after your credit card issuer's deadline for filing a chargeback or after your bank's deadline for filing a dispute, and because of our delay you recover less than the full amount you would have been entitled to recover from the credit card issuer (that is, the chargeback amount which is the amount paid through your credit card in the relevant transaction), we will reimburse you for the remainder of your loss (minus any amount you have already recovered from the seller).

Before contacting your card issuer or filing a Dispute with PayPal, you should contact the seller to resolve your issue in accordance with the seller's return policy as stated on their eBay listing or website.

**13.16 No Double Recovery.** You may not file a Dispute/Claim, or receive a recovery, for a purchase under PayPal's protection for buyers if you have already received a recovery for that purchase directly from eBay or the seller.

#### G. In line with the changes described above, we have also amended the following definitions:

1. **"Claim"** means a challenge to a payment that a buyer files directly with PayPal, including, without limitation, challenges filed under the PayPal protections for buyers set out in clause 13.
2. **"Dispute"** means a dispute filed directly with PayPal in the [Online Resolution Center](#) pursuant to clause 13 of this Agreement.
3. **"Reversal"** means a payment that you received which PayPal may reverse to the sender or another third party because the payment: (a) has been challenged by a buyer directly with their bank; and/or (b) removed from your Balance for any reason (other than a Chargeback or Claim pursuant to a Buyer Protection Program), including, without limitation, if the payment violates our Acceptable Use Policy, or which we reasonably suspect of violating our Acceptable Use Policy; and/or (c) has been categorised by PayPal's internal risk modelling as a risky payment required to be reversed to mitigate the risk associated with the payment. The term **"Reversed"** shall be construed accordingly.
4. **"Signature Confirmation"** means documentation that can be viewed online at the postal company's website and indicates that the item was signed for on delivery.
