NOTICE: REMOVAL OF PAYPAL HERE AGREEMENT AND WARRANTY FOR THE PAYPAL HERE DEVICE.

PayPal Here users were notified that we are discontinuing the PayPal Here service on September 30, 2023. Accordingly, the PayPal Here Agreement will be removed from our Legal Agreements for PayPal Services page on or around October 4, 2023 and all references to PayPal Here will be removed from our other PayPal terms. If you wish to retain a copy of these terms, please download them prior to discontinuation.

This PayPal Here™ Agreement (“**PayPal Here Terms**”) is a contract between you (“you”) and PayPal (Europe) S.à r.l et Cie, S.C.A., 22-24 Boulevard Royal, L-2449 Luxembourg (“PayPal”, “we” or “us”) and applies to your use of the Services to accept payments from PayPal Accounts, credit cards and debit cards into your PayPal Account using the PayPal Here Card Reader and software (“PayPal Here”). You must read, agree with and accept all of the terms and conditions contained in these PayPal Here Terms. By purchasing the PayPal Here Card Reader and/or using PayPal Here, you acknowledge that you have agreed to these PayPal Here Terms. Capitalised terms that are not defined in these PayPal Here Terms, including Section 15 (Definitions), are defined in the PayPal User Agreement.

These PayPal Here Terms, with the PayPal User Agreement and any other agreement in to which you have entered into with PayPal (collectively “PayPal Agreements”), apply to your use of the PayPal Here service. To be clear, the definition of Services under the PayPal User Agreement shall be amended to include PayPal Here. If any inconsistency exists between the terms of the PayPal User Agreement and these PayPal Here Terms, these PayPal Here Terms shall control your use of PayPal Here. We may amend, delete or add to these PayPal Here Terms at any time by posting a revised version on our website (a “Change”). A Change will be made unilaterally by us and you will be deemed to have accepted the Change after you have received notice of it. We will provide you with 2 months’ prior notice of the Change by posting notice on the “Policy Updates” page of our website. If you would like to receive notification by email of new Policy Updates then you may do so by changing your notification preferences in your Account Profile. The Change will take effect once the 2 month notice period expires, except it shall take place immediately if the Change relates to the addition of a new service, extra functionality or any other change which we believe in our reasonable opinion neither reduces your rights nor increases your responsibilities. In such instances, the Change will be made without prior notice to you and shall be effective immediately. Once a change takes effect, your continued use of PayPal Here shall be deemed acceptance of this Change. If you do not agree with any Change, you may terminate your use of PayPal Here and uninstall the PayPal Here App at any time.

1. Product Description.

PayPal Here is a payment solution for businesses, which allows you to accept payments by PayPal as well as credit cards and debit cards (“Cards”). PayPal Here can only be used to accept the type of Cards that are specified on the PayPal Here website, and this list of Cards could change at any time and without notice. It also allows you to issue PayPal invoices and manage records of the PayPal, cash and cheque payments that you accept. This function is designed to help you manage your records more easily, however PayPal Here is not an accounting solution and PayPal cannot accept any liability arising from the use of this functionality.

In addition to agreeing to these PayPal Here Terms, you will be required to provide certain personal and business information in order for you to register for PayPal Here. You must have a Business Account in good standing and be approved by PayPal to use PayPal Here. If you have a Personal or Premier Account (rather than a Business Account) prior to signing up for PayPal Here, you will be automatically upgraded to a Business Account as part of the application process but no charge will be made for this upgrade.

2. The Application and Approval Process.

The application and approval processes will usually be carried out through the PayPal Here App or an appropriate PayPal website. However, in some circumstances, we may need to carry out a manual approval process. (We will let you know during the application process if this

applies to you.) Your use of PayPal Here is dependent on your downloading of the PayPal Here App, your acceptance of the end user license agreement associated with the PayPal Here App, (in certain cases) your obtaining a PayPal Here Card Reader, your holding a valid PayPal Account and your approval by PayPal. We will determine at our sole discretion whether you will be approved to use PayPal Here. Your approval will also be relevant to a specific country or jurisdiction, and your use of PayPal Here shall be limited to processing transactions in that country or jurisdiction. PayPal may restrict your use of PayPal Here in another country or jurisdiction outside your country. If you purchased a PayPal Here card reader from us either online, through the PayPal Here App or directly from PayPal in person and your application was declined, contact the Customer Care team on 0800 358 9448 for instructions on how to return the item. We will issue you with a full refund once you have returned the card reader. Make sure it's undamaged, in good working order and in the original packaging.

There is no fee to download the PayPal Here App. You must download and use the most recent version of the PayPal Here App that is available, including downloading and installing any updates that become available periodically.

3. Getting, Using, Returning and Replacing your PayPal Here Card Reader.

Retailers of PayPal Here Card Readers may require evidence that you are pre-approved to use PayPal Here before you can purchase a PayPal Here Card Reader. We reserve the right to limit the number of PayPal Here Card Readers that you can receive at any time.

In addition to the Warranty described below, if you purchase a PayPal Here Card Reader from us either online, through the PayPal Here App or directly from PayPal in person you may return it, for any reason, within 30 days of receipt of delivery; provided that it is returned to us undamaged, in good working order and in the packaging in which you received it. You may arrange for a return of your PayPal Here Card Reader by contacting [customer service](#) for return shipping instructions. If you purchase a PayPal Here Card Reader from anyone other than us, then the return policy of that retail outlet will apply, and you should return it to the authorised retailer who sold it to you.

If your PayPal Here Card Reader does not work and it is under Warranty, you may request a new PayPal Here Card Reader by contacting Customer Service. If the device has a fault, Customer Service may arrange for a replacement PayPal Here Card Reader to be sent to you. Unless we say otherwise, you must return your original PayPal Here Card Reader within the time period we specify. This may be either using the prepaid envelope provided with your replacement PayPal Here Card Reader or, in some circumstances, we may also arrange to collect your original PayPal Here Card Reader when the replacement device is delivered. Failure to return the original PayPal Here Card Reader may result in you being charged the cost of the replacement unit. We reserve the right to reasonably limit the number of replacement devices that you can receive under this Warranty, the full terms and conditions of which can be accessed [here](#). For the avoidance of doubt, PayPal reserves the right to change the Warranty on reasonable notice and we will decide within our reasonable judgement the validity of any warranty claims under the terms of the Warranty. In the event of a conflict between the Warranty and this PayPal Here Agreement, these PayPal Here Terms take precedence

4. Lost, Stolen or Disabled PayPal Here Card Readers.

We reserve the right to disable use of your PayPal Here Card Reader remotely if we suspect fraud, breach of the Acceptable Use Policy, a breach of these PayPal Here Terms or if we otherwise believe there is an increased risk to us or your PayPal Account associated with your PayPal Here Card Reader. If your PayPal Here Card Reader is lost, stolen or is otherwise no longer necessary, you must contact PayPal customer services to arrange for your device to be disabled.

Your PayPal Here Card Reader may only be associated with an approved PayPal Account. You may not dispose of your PayPal Here Card Reader without it first being disabled and your PayPal Here Card Reader cannot be passed to another person who does not hold an approved PayPal Account, associated with another approved PayPal Account or used in a country other than that in which it is registered without our express consent.

If you purchase a PayPal Here Card Reader using your PayPal Account, you may be able to file a claim under Buyer Protection if the PayPal Here Card Reader is not delivered. You are purchasing your PayPal Here Card Reader directly from PayPal and you would be filing your claim against us. We will decide the validity of any claim submitted under Buyer Protection but we will hold ourselves to the same standard of proof in adjudicating the claim that PayPal uses for its sellers.

5. Credit Report.

By signing up for PayPal Here, you are providing us with written instructions and authorisation to obtain your personal and/or business credit report from a credit reference agency. You are also authorising us to obtain your personal and/or business credit report at any time we reasonably believe there may be an increased level of risk associated with your PayPal Account. You agree to allow PayPal to obtain from a third party your credit history and financial information about your ability to perform your obligations under this Agreement in the manner set out in the PayPal Privacy Policy. PayPal will review your credit and other risk factors of your Account (reversals and chargebacks, customer complaints, claims etc.) on an ongoing basis. PayPal will store, use and disclose the information obtained in

conformity with PayPal's Privacy Policy.

You also agree to comply with our requests to verify your identity to allow us to reduce the risk of fraud or otherwise comply with our anti-money laundering or other legal requirements. We reserve the right to deny or restrict your use of PayPal Here or your PayPal Account if you fail to comply with these requests.

6. Multiple Devices and Authorised Users.

Through your PayPal Account, you may authorise other eligible users to use PayPal Here Card Readers that are linked to your PayPal Account for the same purpose as your business use. In order to authorise such use, you will have to personally request and purchase the additional devices that you require. You can also request that these devices are sent to multiple different addresses when you do so. You will also have to register each of your authorised users with us and create a password for each user to be able to log-in (with limited access) to your PayPal Account. You can only register authorised users that are 18 years or older and PayPal reserves the right to limit the number of authorised users you may have. Your authorised users will have the ability to perform any action that you select on the PayPal.co.uk website (however please note they will be unable to withdraw funds from your PayPal Account) and must only use the PayPal Here Card Reader for the same business purpose as you do.

It is your responsibility to ensure that your authorised users comply with these PayPal Here Terms in connection with their use of the PayPal Here Card Reader. Prior to issuing a PayPal Here Card Reader to any authorised user, we may have to perform screening in compliance with anti-money laundering or other legislation. In order to assist us in this screening, you agree to provide us with legitimate and accurate information regarding the identity of all authorised users as requested by us. We reserve the right to deny any authorised user access to PayPal Here at any time. You agree that you are at all times liable for the actions or omissions of your authorised users and that you will indemnify and hold us harmless from the actions or inactions of your authorised user in connection with their use or misuse of the PayPal Here service.

7. Using PayPal Here.

You may process a card-present transaction using the PayPal Here Card Reader by inserting the card into the PayPal Here Card Reader and obtaining the customer's PIN code or swiping the card and obtaining the customer's signature. The PayPal Here App will prompt you as to what verification is necessary, based on a customer's card, however if a customer's card includes an electronic chip, you must always look to obtain Chip and Pin authorisation before obtaining a signature.

You may process a Contactless Transaction using the PayPal Here Card Reader, however you may not process a Contactless Transaction with a value exceeding the prevailing amount limit for that transaction set by any Acquiring Bank, Card Companies and/or PayPal from time to time.

You may also use PayPal Here to process Keyed Transactions (i.e. a card not present transaction), however you are not allowed to process a Keyed Transaction when a customer's card is present. You cannot process a card-present transaction when the customer is not present.

Obtaining valid authorisation (such as a validly entered PIN) may assist you in defending against a Chargeback in the event that a customer subsequently claims that it did not authorise a transaction. Prior to processing any card-present transaction, You must show the customer the price of the goods or services that you are providing to the Customer.

You must also provide customers with a receipt if they request one. Customers may receive an electronic receipt via email or SMS, rather than a paper receipt. It is your responsibility to obtain your customer's consent prior to using the PayPal Here App to send them a receipt via email or SMS to them.

You must not use PayPal Here to provide a customer with any form of cash advance. You agree that you shall not provide any false or misleading descriptions of any transaction that you submit through PayPal Here and that the descriptions given within itemised transactions shall be an accurate and true description of the goods and services being purchased. You also agree to comply with any instructions provided to you along with your PayPal Here Card Reader.

If you choose to receive PayPal Transactions through the PayPal Here App, these transactions must be processed on the following basis. To process a PayPal Transaction through the PayPal Here App, you must be able to clearly identify the customer from their photograph and their name, confirm the amount to be charged with them and you shall not process a transaction until the customer has given you a clear verbal instruction to do so. Prior to charging the customer, You must show the customer the amount to be charged for the goods or services that you are providing to the customer on your mobile device using the PayPal Here App. We reserve the right to place a cap on the total value of a PayPal Transaction(s) that can be processed using the PayPal Here App. We will make the size of any such cap clear to you within the PayPal Here App.

PayPal Here will normally allow you to receive payments only in the currency of the country in which you reside.

PayPal Here will normally be available at any time. However, we do not warrant that the PayPal Here service will be free of interruptions, delays or errors. From time to time, we need to perform upgrades and maintenance to our service or PayPal Here which may result in it not being available for a period. We will try to give you notice of any planned maintenance, but you acknowledge and agree that there may be circumstances where this is not possible.

8. Mobile Compatibility.

Using the PayPal Here service requires you to have a compatible mobile device. We do not warrant that PayPal Here will be compatible with your mobile device. If you have a compatible mobile device but this has been modified contrary to the manufacturer’s software or hardware guidelines, then you may not use your modified device to use PayPal Here.

9. Third Party Services.

Your use of PayPal Here may rely on third-party services (such as those of a mobile network operator, a broadband internet provider, an internet security provider or a wireless (WiFi) network provider). These third parties may charge you fees for accessing PayPal Here (e.g. for service access or data use) and it is your sole responsibility to pay such fees. We cannot accept any responsibility for the operation or security of such services, for your inability to use PayPal Here as a result of their service or for your breach of the terms of your contract with that third party as a result of using PayPal Here.

10. Fees.

Except as further provided in this section, you agree to pay the fees prescribed for Business Accounts in the User Agreement.

You agree to pay the following fees for the following payments received via the PayPal Here App:

10.1 Fees for Payments from another PayPal account via PayPal Location Based Payments Functionality

a. Interchange Fees are set by Visa and MasterCard. They approximately range from 0.2% to 2.0% and vary for different types of cards (for example by categories and brand). PayPal shall always charge you the Interchange Fee as set by Visa and MasterCard and as passed on by its Acquirer. Single Interchange fees may change from time to time. For more information on Interchange Fees, please see [MasterCard’s](#) and [Visa’s](#) website as well as our [simplified overview](#).

b. Percentage-based fees (such as 3.40%) refer to an amount equal to that percentage of the payment amount.

10.4 Blended Pricing or Interchange Plus Transaction Fees?

When you receive card payments using PayPal Here:

- The Blended Pricing fee structure shall apply until PayPal implements the Interchange Plus fee structure (which shall be by further notice of the same published by PayPal on a date falling on or after 9 June 2016 on the Policy Updates page accessible via the Legal footer on most PayPal site pages) (“**Interchange Plus Launch**”).
- You may choose the fee structure applicable to you on or after Interchange Plus Launch, by the methods or procedures that PayPal may make available to you before and after Interchange Plus Launch. If you do not make an election, you will stay on your existing fee structure.
- You may choose your fee structure for future transactions only, not for past transactions. The fee structure that applies when you receive card payments using PayPal Here™ also applies when you receive card payments under the PayPal Website Payments Pro and Virtual Terminal Agreement. This means that if you opt to be charged under the Interchange Plus fee structure, the respective Interchange Plus fee structure will apply when you receive card payments under the PayPal Website Payments Pro and Virtual Terminal Agreement and this Agreement.

10.5 Conditions for PayPal Here Merchant Rate status

10.5.1 PayPal Here Merchant Rate

The PayPal Here Merchant Rate applies only to Accounts with PayPal Here Merchant Rate status. PayPal Here Merchant Rate status is subject to eligibility, application and approval by PayPal. PayPal may evaluate applications on a case-by-case basis, including, without limitation, on the following criteria: qualifying monthly sales volume, size of average shopping cart and an Account in good standing.

To be eligible to apply for (and retain) PayPal Here Merchant Rate status the Account must:

- at all times be in good standing and not under investigation; and
 - have received more than £1,500.00 GBP in aggregate monetary amount of payments in the previous calendar month as Commercial Transaction payments.

PayPal may downgrade an Account to the PayPal Here Standard Rate at any time if the above conditions are not met or there are unresolved chargebacks against the Account.

If PayPal downgrades your Account you will need to apply to PayPal again for your Account to get PayPal Here Merchant Rate status.

You may apply to receive PayPal Here Merchant Rate for your Account using the dedicated online [application form](#) when logged into your PayPal Account. If your application is rejected, please note that you may only submit an application once every thirty days.

Please note that on and from August 19, 2019 the Merchant rate under the PayPal User Agreement no longer applies to any UK Jersey, Guernsey or Isle of Man merchant. As a result, it no longer automatically applies if you are a UK, Jersey, Guernsey or Isle of Man merchant receiving the PayPal Here Merchant Rate.

10.5.2 PayPal Here Merchant Rate for Charities

The PayPal Here Merchant Rate for Charities applies only to Accounts with PayPal Here Merchant Rate for Charities status. PayPal Here Merchant Rate for Charities status is subject to application and pre-approval by PayPal. PayPal may evaluate applications on a case-by-case basis.

The PayPal Here Merchant Rate for Charities only applies to PayPal Here transactions. Charity rates for other PayPal products are set out in the User Agreement.

10.6 Additional Transaction Fees

The fees listed in the above tables are for domestic payments only and shall be increased by the supplemental Cross Border Fee for Commercial Transactions (as outlined in the relevant table in Schedule 1 of the PayPal User Agreement), if the payer’s card or PayPal Account is from outside the United Kingdom.

This Cross Border Fee does not apply to card payments received under the Interchange Plus fee structure. However, the Cross Border Fee always applies to card payments with American Express cards (even if received under the Interchange Plus fee structure).

There is no fee to use the PayPal Here App to manage records of the cash and cheque payments that you accept.

The fees prescribed in this section 10 may be changed by amending this Agreement.

11. Settlement of Card Payments within the Interchange Plus Fee Structure.

You agree that, when PayPal receives a card payment for you, PayPal may hold those funds in your Reserve Account and you are thereby giving a Payment Order that instructs PayPal to pay those funds to your Payment Account only on the Business Day on which PayPal receives the information about the interchange fee applicable to the card payment, at which time the funds will then be made available to you in your Payment Account. While the funds are held in your Reserve Account, the transaction will appear to you as “Pending” in your Account details. PayPal does not consider that the proceeds of the card payment in your Reserve Account are at your disposal until PayPal has received the information on the applicable interchange fee from our Processor (which can be within the next Business Day following the day on which the card payment was initiated by the card holder).

12. Privacy.

The PayPal [Privacy Policy](#) applies to your use of PayPal Here. The protection of your information is important to PayPal. Likewise, information you receive from us about your customers must be kept confidential, stored securely and only used for purposes related to PayPal Here and as agreed to in the PayPal [Privacy Policy](#). As a reminder, information you receive may not be used to send unsolicited email or SMS messages to a user without that user’s express consent.

13. Reserves and other Protective Actions.

If we believe there may be a high level of risk associated with your PayPal Account, we may take certain actions in connection with your Account and/or your use of the PayPal Services. These are as follows:

1. Reserves. We may, in our sole discretion, place a Reserve on funds held in your PayPal Account when we believe there may be a high level of risk associated with your PayPal Account. In relation to the PayPal Here service, this may include (without limitation) an unusual level of customer refunds, chargebacks or Keyed Transactions. If your PayPal Account is subject to a Reserve, we will provide you with notice specifying the terms of the Reserve. We may change the terms of the Reserve at any time by providing you with notice of the new terms. The terms may require that a certain percentage of the amounts received into your Account are held for a certain period of time, or that a certain amount of money is held in Reserve, or anything else that we determines is necessary to protect against the risk associated with your PayPal Account. If we place a Reserve on funds in your PayPal Account, they will be shown as "pending" in your PayPal Balance.
2. Additional Actions. We may take other reasonable actions we determine are necessary to protect against the risk associated with your PayPal Account including requesting additional collateral from you such as a letter of credit or a personal guarantee or limiting the functionality of your PayPal Here Card Reader. We may contact your customers, on your behalf, in the event that we are investigating potential fraud.
3. Information. In order to determine the risk associated with your PayPal Account, we may request at any time, and you agree to provide promptly any information about your business, operations or financial condition. We reserve the right to reassess your eligibility for any Product if your business is materially different from the information you provided in your application.
4. Disabling your PayPal Here Card Reader. If we reasonably believe that you have breached the terms of your PayPal Agreements, we may take action to restrict your use of the PayPal Here service, including limiting the functionality of your PayPal Here Card Reader.

14. PayPal seller protection.

PayPal Here transactions are not eligible for PayPal seller protection. Please also read section 5.3 (Risk of Reversals, Chargebacks and Claims) of the PayPal User Agreement to understand the risk of Chargebacks arising when you receive a payment.

15. License Grant.

If you are using PayPal software such as an API, developer's toolkit or other software application that you have downloaded to your computer, device, or other platform, then PayPal grants you a revocable, non-exclusive, non-transferable license to use PayPal's software in accordance with the documentation. This license grant includes the software and all updates, upgrades, new versions and replacement software for your personal use only. You may not rent, lease or otherwise transfer your rights in the software to a third party. You must comply with the implementation and use requirements contained in all PayPal documentation accompanying the PayPal Services. If you do not comply with our implementation and use requirements you will be liable for all resulting damages suffered by you, us and third parties. You agree not to alter, reproduce, adapt, distribute, display, publish, reverse engineer, translate, disassemble, decompile or otherwise attempt to create any source code which is derived from the software. You acknowledge that all rights, title and interest to PayPal's software are owned by us. Any third party software application you use on the PayPal website is subject to the license you agreed to with the third party that provides you with this software. We do not own, control nor have any responsibility or liability for any third party software application you elect to use on the PayPal website and/or in connection with the PayPal Services. If you are using the PayPal Services on the PayPal website, or other website or platform hosted by us, or a third party, and are not downloading PayPal's software or using third party software applications on the PayPal website, then this section does not apply to your use of the hosted PayPal Services.

16. Acceptable Use.

As a reminder, you may not accept payments in violation of the PayPal Acceptable Use Policy.

17. Data Security.

1. General. You are fully responsible for the security of data in your possession or control as a result of using PayPal Here. You agree to comply with all applicable laws and rules in connection with your collection, security and dissemination of any personal, financial, Card, or transaction information (defined as "Data").
2. Data Usage. Unless you receive the express consent of your customer, you may not retain, track, monitor, store or otherwise use Data beyond the scope of the specific transaction. Further, unless you get the express consent of PayPal, you agree that you will not use nor disclose the Card Data for any purpose other than to support payment for your goods and services. Card Data must be completely removed from your systems, and any other place where you store Card Data, within 24 hours after you receive an authorization decision unless you have received the express consent of your customer to retain the Card Data for the sole purpose of processing recurring payments. To the extent that Card Data resides on your systems and other storage locations, it should do so only for the

express purpose of processing your transactions. All Data and other information provided to you by PayPal in relationship to the PayPal Here service and all Card Data will remain the property of PayPal, its Acquiring Bank or the Card Companies, as appropriate.

3. Password Security. You agree to restrict use and access to your password and log-on ID to your employees and agents as may be reasonably necessary, and will ensure that each such employee or agent complies with these PayPal Here Terms. You will not give, transfer, assign, sell, resell or otherwise dispose of the information and materials provided to you to utilize the PayPal Here services. You are solely responsible for maintaining adequate security and control of any and all IDs, passwords, or any other codes that are issued to you by us, each Acquiring Bank or the Card Companies.
4. Audit. If PayPal believes that a security breach or compromise of Data has occurred, PayPal may require you to have a third party auditor that is approved by PayPal conduct a security audit of your systems and facilities and issue a report to be provided to PayPal, the Acquiring Banks and the Card Companies. In the event that you fail to initiate an audit within 10 Business Days of PayPal's request, PayPal may conduct or obtain such an audit at your expense.

18. Data Protection; Data Portability.

1. You (as a “Merchant”) and we agree to comply with the data protection addendum found [here](#), which forms part of this Agreement. The terms of the data protection addendum prevail over any conflicting terms in this Agreement relating to data protection and privacy. We will use your information in accordance with our Privacy Policy. For the avoidance of doubt, you authorise us to provide information regarding your business and individual transactions to third parties for the purpose of facilitating the acceptance and settlement of your transactions and in connection with other relevant actions, including Chargebacks, refunds, disputes, adjustments and other enquiries.
2. Upon any termination or expiry of this Agreement, PayPal agrees, upon written request from Merchant, to provide Merchant’s new acquiring bank or payment service provider (“Data Recipient”) with any available credit card information including personal data relating to Merchant’s Customers (“Card Information”). In order to do so, Merchant must provide PayPal with all requested information including proof that the Data Recipient is in compliance with the Association PCI-DSS Requirements and is level 1 PCI compliant. PayPal agrees to transfer the Card Information to the Data Recipient so long as the following applies: (a) Merchant provides PayPal with proof that the Data Recipient is in compliance with the Association PCI-DSS Requirements (Level 1 PCI compliant) by providing PayPal a certificate or report on compliance with the Association PCI-DSS Requirements from a qualified provider and any other information reasonably requested by PayPal; (b) the transfer of such Card Information is compliant with the latest version of the Association PCI-DSS Requirements; and (c) the transfer of such Card Information is allowed under the applicable Association Rules, and any applicable laws, rules or regulations (including data protection laws).

19. Notice.

We will provide you with notices regarding PayPal Here in accordance with the provisions of the PayPal User Agreement or by sending you a message through the PayPal Here App. Such notice will be considered to be received by you within 24 hours of the time it is posted or emailed to you.

20. Indemnity.

You agree to indemnify and hold us harmless from claims that are raised by a third party against us that result from your use of PayPal Here or your PayPal Account in violation of these PayPal Here Terms or the PayPal User Agreement.

21. Definitions.

"Account Profile" means the account profile settings that can be accessed within your PayPal Account.

"Acquiring Bank" means each of the financial institutions PayPal partners with to process your Card payments, including your PayPal Here transactions.
