Domestic: A transaction occurring when both the sender and receiver are registered with or identified by PayPal as residents of the same market.

International: A transaction occurring when the sender and receiver are registered with or identified by PayPal as residents of different markets. Certain markets are grouped together when calculating international transaction rates. For a listing of our groupings, please access our Market/Region Grouping Table.

International euro (EUR) or Swedish krona (SEK) transactions where both the sender and the receiver are registered with or identified by PayPal as resident in the European Economic Area (EEA) are treated as domestic transactions for the purpose of applying fees.

Market Code Table: We may refer to two-letter market codes throughout our fee pages. For a complete listing of PayPal market codes, please access our Market Code Table.
