You can find details about changes to our rates and fees and when they will apply on our [Policy Updates Page](#). You can also view these changes by clicking ‘Legal’ at the bottom of any web-page and then selecting ‘Policy Updates’.

**Domestic:** A transaction occurring when both the sender and receiver are registered with or identified by PayPal as residents of the same country/territory.

**International:** A transaction occurring when the sender and receiver are registered with or identified by PayPal as residents of different countries/territories. Certain countries are grouped together when calculating international transaction rates. For a listing of our groupings, please access our [Country/Territory Grouping Table](#).

For India users, we only support international payments.

**Country Code Table:** We may refer to two-letter country/territory codes throughout our fee pages. For a complete listing of PayPal country codes, please access our [Country Code Table](#).

## Relevant Country/Territory

Rates published below apply to PayPal accounts of residents of the following country/territory:

# Alternative Payment Method Rates

We may allow your customers to choose any of the alternative payment methods (APM) listed in our APM agreement at checkout to pay you for purchases.

For a complete listing of the APMs we support, please see [Annex 1](#) of your country's APM agreement. You must accept the terms of your country's [APM agreement](#) before receiving APM payments.

Our [Commercial Transaction Rates](#) apply when you receive APM funded payments.

## Micropayments

Subject to application and pre-approval by PayPal, you may upgrade an existing account to receive the Micropayment rate. Micropayment rates can be ideal as an alternative to standard commercial transaction rates for businesses that process small payments. If you upgrade to the Micropayment rate, this rate will apply to all commercial transaction payments received into your PayPal account. Please [contact us](#) to apply for the Micropayment rate.
