# HOW PAYPAL WORKS

As the world's leading global online payments platform, PayPal is trusted by 277 million customers<sup>1</sup>, including 22 million merchant accounts in more than 200 markets.

Here's why PayPal is good for your business – and your customers.

## FOR YOUR BUSINESS

It's free to sign up for a Business Account and take advantage of solutions for your business.

Customers can pay you via any device – mobile, laptop or tablet. Once they've paid, the funds are transferred directly to you.

You only pay a small transaction fee. There are no joining or fixed fees.

PayPal Seller Protection on eligible sales with 24/7 transaction monitoring, fraud prevention policies minimize your risk.

If your customer returns something, PayPal covers the shipping costs<sup>2</sup> so you don't have to worry.

## FOR YOUR CUSTOMER

It is free for customers to sign up for a PayPal account and use it for safer payments.

Customers can check out in seconds. Their card and shipping details are pre-filled for faster checkout.

Customers pay no fees when they pay with PayPal.

PayPal Buyer Protection ensures a full refund on eligible transactions.

Customers can return an item and PayPal will refund their shipping costs<sup>2</sup>.

# SET UP YOUR ACCOUNT

In just a few steps, you can set up your account and be ready to sell to millions of overseas customers across the globe with one PayPal account.

## Confirm your email

You must first confirm your email address in order to start receiving payments. We sent you an email when you signed up for your PayPal business account. Click the link in the email to confirm your email address. If you can't find our email, log in to your PayPal account and click the "Profile" icon.

If someone sends you a payment, you'll receive an email notification. You'll need to manually accept the first payment you receive. The payments received thereafter will be automatically accepted into your account.

## Get verified and link your bank account for withdrawal

You have the option to withdraw funds from PayPal to your E.SUN TWD or USD bank accounts. Or, you can withdraw US Dollars to your preferred banks in the US. Make sure the name on your bank account matches the one on your PayPal account. Also, add and confirm your credit or debit card to your PayPal account to remove withdrawal limit.<sup>3</sup>

It's free if you're withdrawing TWD balance to a E.SUN TWD bank account. A withdrawal fee of 2.5% will apply when withdrawing USD balance to a E.SUN USD bank account or your bank account in the U.S.<sup>4</sup>

### Withdraw funds to your E.SUN bank account:

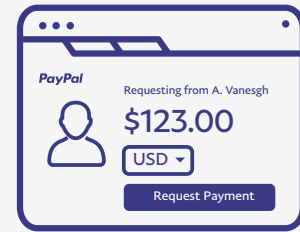

Open an E.SUN Bank account and enable online banking service. Link your PayPal account to your E.SUN Bank account through E.SUN Global Pass to withdraw your funds.

<sup>3</sup> Withdrawing to U.S. bank accounts: There's a withdrawal limit set by PayPal if your account is unverified. Withdrawing to E.SUN bank accounts: According to your bank account types and currencies withdrawn. E.SUN Bank has different limits in the amount you can withdraw. for more details, please view E.SUN website.

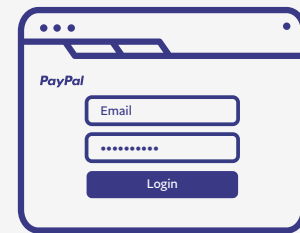

<sup>4</sup> Additional currency conversion processing fees may apply if withdrawing a currency other than USD.

## HOW IT WORKS

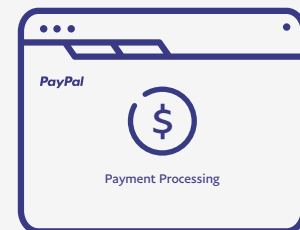

### DEAL AGREED

Upon reaching a sales agreement between you and your buyers, you can send them either a payment request, an invoice through email or a PayPal.Me link with the agreed amount.

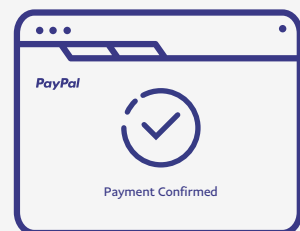

### CUSTOMER LOGS IN

Your customers will receive the request and log in to their PayPal account to pay you directly.

### PAYMENT IS PROCESSED

We process the payment, keeping everyone's financial details more secure and protected.

### YOU GET PAID

We'll instantly notify you of the payment and transfer the money to your PayPal account, subject to our applicable terms and conditions.

### Important alerts

The screenshot shows the PayPal dashboard interface. At the top, there is a navigation bar with the PayPal logo and links for Summary, Money, Activity, Reports, Tools, and More. On the right side of the navigation bar, there are icons for alerts, settings, profile, and a Log out button. The main content area is divided into several sections:   
1. **Money**: Displays the available balance in TWD (NT\$3,000.05) and USD (\$100.00). It includes a note about the conversion rate and links for withdrawing funds and viewing currencies.   
2. **Recent activity**: A table showing transaction details. 

	Ready to ship	Payments received	Payments sent	Activity (including balance and fees)
1:57 PM	Payments from Katie Chan Completed			\$100 USD
1:54 PM	Payments to Lisa Ryu Pending			\$500 USD

 A 'View all' link is at the bottom of this section.   
3. **Invoicing**: A section for creating and sending custom invoices, with a 'Create Invoice' button.   
Callout boxes from the top of the page point to these sections: 'Summary' points to the top navigation bar; 'Money' points to the Money section; 'Activity' points to the Recent activity section; 'Reports' points to the Reports link in the navigation bar; 'Tools' points to the Tools link in the navigation bar; 'Smart filters' points to the Activity section; 'Profile' points to the Profile link in the top right; and 'Important alerts' points to the alerts icon in the top right.

## INVOICES

<sup>8</sup> Up to 3 refunds to the value of \$20 USD each until 31st December 2020. View [General Conditions of Use](#) for more details.

## FRAUD PREVENTION

Our industry-leading fraud prevention systems and intelligence work round the clock to keep you secure. Additionally, over 2,000 staff globally are dedicated to keeping your account and customers secure wherever and whenever you do business online.

## DATA SECURITY

You only need to link your credit/debit card and bank details to your PayPal account just once. We'll automatically encrypt all your sensitive information and email communications with Secure Sockets Layer protocol (SSL) 3.0 (or higher) and the highest encryption key length (256 bits). It's then stored on a heavily guarded server – both physically and electronically – designed to protect both buyers and sellers.

## ACCOUNT HOLDING STATUS

It's important to keep your details up-to-date. We may communicate with you via your email or your mobile number, if we need to verify account details.

## UNDERWRITING

Most of our merchants are able to set up an account and start transacting immediately. For a small number of merchants with very high sales volumes, additional information related to their financial and business model may be required for review as part of our underwriting process. This enables us to gain a better understanding of these merchants and provide them with customized solutions. We will get in touch with you if your sales volume or industry type qualifies you for underwriting.
